Pen Guards Foil Escape Attempt

. . . 4 TIE GUARD IN VAIN TRY

By Del Harding

Alert work by State Penitentiary guards stopped an escape attempt by 4 inmates early Thursday morning.

The 4 convicts were working on a cleanup detail in the prison kitchen when they jumped their guard, tied him up and headed for the prison wall about 2 a.m. But Warden Joseph Bovey said tower guard C. S. Hunt of 2958 No. 53rd saw the prisoners just as they came out of the dining building and sounded the alarm.

The 4 men made their way across the courtyard and were spotted by another tower guard, Emil Keller, who had heard Hunt's whistle but did not know what was wrong. He reported the men's location.

The men stopped in the yard to pick up a hook they had hidden earlier among some flowers. They also took with them from the dining room a heavy electric cord used on a power buffer. Bovey said they hoped to use the cord and hook to scale the prison wall.

Climbed Fence

The men climbed a wire mesh fence about 15 high and headed for the prison wall.

Tower guards Curtis Jacobson of 917 So. 21st saw them approaching his station, cocked his rifle and yelled at them to raise their hands. They did — and the attempt to escape was stopped only minutes after it was begun. The men were halted a distance equal to about a city block from where they had emerged from the dining room.

Bovey identified the prisoners involved in the escape attempt as:

Paul Shaw, 25, Shenandoah, Ia., serving terms of 3-5 years for robbery and 1 year for escape from Lancaster County. He was transferred to the prison from the Men's Reformatory last August after being apprehended following an escape there.

Robert P. Cole, 25, of Omaha, serving a 4-year term for assault with intent to inflict great bodily injury from Douglas County. He was received at the prison in November, 1956.

Arthur Sass, 17, of Haigler, serving a 5-year robbery term from Dundy County. He was received in March of this year.

Willie James Thigpen, 33, of Omaha, serving a 7-year burglary sentence from Douglas County. He was also received in March.

Bovey identified Shaw and Cole as the ring leaders. He said Shaw grabbed guard W. V. Vitosh, 63, and held him as Cole tied him. Bovey said Vitosh was not injured by the men.

Shaw pleaded guilty in November, 1956, to robbing Merle's Liquor Store in West Lincoln at gunpoint of $200. He also later admitted 8 other robberies in southeast Nebraska and Iowa.

Shaw escaped from a Reformatory work detail last July 4 and was not recaptured until Aug. 24 in Iowa.

No charges have as yet been filed against any of the 4 involved in the attempted escape.

7 LINCOLNITES HURT IN OMAHA

Omaha (AP) — Eight persons, 7 of them from Lincoln, were injured Thursday in a colllision at the intersection of 132nd and Q.

Hospital attendants reported all in either satisfactory or good condition following the accident.

The Douglas County Sheriff's office said that in one car were James Sorensen, 34, (1802 No. 28th) Lincoln; his wife, Helen, 32; 3 Sorensen children, Dougie, 4 months; Duane, 12, and Sandra 3; and Ronal Kramer, 12, and Richard Kramer, 17, (1740 No. 28th) Lincoln.

Experts Fly To Geneva

. . . A-Talk Is On

Washington (AP) — President Eisenhower sped 3 U.S. scientists to Geneva Thursday with instructions to carry on, if possible a series of nuclear talks with Russia.

He told them the United States must persevere in its quest for controlled disarmament "in the face of whatever difficulties the Soviets may raise."

A reversal of Russia's stand on the technical talks Wednesday night left it uncertain whether the sessions would begin on Tuesday at Geneva, as scheduled.

However, a Moscow announcement that a Romanian scientist had been named to take part led to speculation here that the Soviets would show up after all. State Department officials said they were not sure that this was the meaning of the announcement but they hoped so.

"I don't know whether this means that they will be there or not," said press officer Lincoln White. "All I know definitely is that our people will be there and we hope the conference will go on as scheduled."

White said the memorandum naming Romanian Professor Horia Hulubei was given to U.S. Ambassador Llewellyn Thompson.

15 Dead In Jet Tanker Crash

. . . 1 Of 4 Trying Record Hop

Westover Air Force Base, Mass., (Friday) (AP)—Fifteen persons, including 6 newsmen, were killed early Friday when the third of 4 giant jet tankers attempting record hops between the United States and England crashed shortly after take-off.

The plane—a KC135 jet tanker—crashed and burst into flames about a mile and a half from the end of the runway. The first 2 planes took off virtually on schedule starting at 11:52 p.m. (EDT) Thursday night.

The stricken plane was nicknamed Cocoa for the assault on air speed records between New York and London. All 4 planes had been scheduled to fly over New York to begin actual clocking.

The second plane departed exactly 15 minutes after the first took off.

Two of the 4 planes had been scheduled to attempt a new record for a non-stop, round trip between New York and London. The other 2 had been scheduled to try for new marks for one-way flights between New York and London and London and New York.

Among the dead were 8 civilians, including 6 newsmen, and 7 military men.

Identified

The civilian dead were identified by the Air Force as follows: Daniel J. Coughlin, the Associated Press, Boston; Norman Montelliere, United Press International; Robert A. Ginsburg, and Glenn A. Williams, U.S. News and World Report; James McConnaughey, Time Magazine; Robert Sibley, Boston, Herald-Traveler; William Cochran, and William Enyart, National Aero Assn.

The military dead: Brig. Gen. Donald W. Saunders, Lt. Col. George Broutsas, Lt. Joseph C. Sweet, Capt. James Shipman, Capt. John B. Gordon, M. Sgt. Donald H. Gabbard, T. Sgt. Joseph G. Hutter

A Springfield Union reporter said the crash scene "looked like a dump burning over a 3-square-mile area."

Presbyterians Urge Control Board, Juvenile Court Vote

. . . Recommend Bingo Opposition

Lincoln Star Special

Hastings, Neb. — Presbyterians were urged to vote for constitutional amendments on the November ballot which provide for changes in state institutional management, and authorization of a statewide juvenile court system in recommendations approved at the final session of the Nebraska Presbyterian Synod Thursday.

Also included in recommendations of the Synod's committee on social education and action which were adopted by delegate vote was a proposal urging Presbyterians to oppose at the polls the proposed constititional amendment which would make bingo legal.

The Synod SEA committee called upon every pastor and church SEA committee to inform congregations on the need for support of the 3 recommendations on voting.

Referring to LB 400 of the 1957 Legislature, the recommendation urging support at the polls of Board of Control reorganization noted that "a non-partisan study committee of the Nebraska Legislature carefully studied the present Board of Control system of institution control and recommended statutory rather than constitutional regulation."

'Rigid Amendment'

"Recognizing that the administration of state institutions is still governed by a rigid constitutional amendment adopted in 1912, while changing conditions in welfare, mental and penal institutions dictate the need for more flexible administrative measures," the recommendation read, it urged support at the polls of an amendment which will put the Board of Control under the Legislature's control.

The issue will be on the November ballot.

Low Bids To Abel, Dobsons

$3.2 Million Cost

The Abel Construction Co. and Dobson Brothers Construction Co. were announced late Thursday as the apparent low bidders on contracts for the major work of the first interstate highway project in the Lincoln area.

The State Highway Department said the total cost of the project which covers 5.8 miles from a point near Waverly, across Highway 77 to a point north of Lincoln at the Chicago and Northwestern Railroad tracks, is $3,192,564.74.

This is $557,436 under the Department's original estimate on the project of $3,750,000.

Apparent low bids:

Grading and pavement, Abel Construction Co., $1,701,865.

Culverts, Dobson Brothers, $154,921.
Group A viaducts, Dobson, $161,730.
Group B bridges, Jensen Brothers, Jensen Construction Co. and United Contractors, Des Moines, Ia., $454,079.
Group C bridges, Dobson, $412,497.
Group E bridges, Dobson, $271,412.
Fence, Wrenn and Taylor, Grand Island, $36,059.

Central Line Bus Strike Hits Lincoln

. . . Another Monday

By Bill Anderson

Service on Continental Trailways Central bus lines through Lincoln was to come to a sudden halt at 5:30 a.m. Friday morning as drivers walked out in response to Brotherhood of Railroad and Trainmen union orders.

The walkout was earlier slated for midnight, but a Trailways bus scheduled for departure from Lincoln to Wichita, Kan., was allowed to go through as scheduled.

Bus drivers on Continental Central lines received orders to strike as a result of snags in negotiations with the company in Dallas, Tex.

Continental American lines, including the Lincoln, Omaha and Grand Island runs, is slated for a driver strike Monday. This will affect approximately 500 employes.

1½c Increase

The Central bus drivers are asking for a 1½c per mile wage increase over the present per mile wage of 7c.

Lincoln Continental Trailways bus company officials told The Star earlier that a strike was "impossible" at this time because a Friday meeting with drivers was scheduled to iron out contract negotiations here.

Bus company officials had no inkling of the impending strike, and some people were forced to stay in Lincoln and make other travel arrangements.

Local drivers are represented by Lodge 229 of the BR&T in Omaha.

Lines affected by the Central strike are:

Fairmont south on Hwy. 81; Beatrice, Salina, Wichita, Oklahoma City, Wymore, Blue Springs, Chicago, Denver, Pueblo, Ponca City, Tulsa, Ft. Smith, Memphis, Wellington, South Haven, Tonkawa, St. Louis, Kanas City, Topeka, Manhattan, McPherson, Hutchinson, Dodge City and others.

REFORMATORY ESCAPEE BACK

THIS SUMMER? HIGHS IN 80S

Summer—Nebraska style was expected in the state Friday as forecasters predicted fair skies and temperature highs into the 80s.

Lincoln claimed the state high Thursday with a 78-degree reading, and all weather stations reported highs in the mid-70s.

Overnight lows reported Thursday included a record low of 38 for so late in June at North Platte where some damage was reported to tender garden crops. The state overnight low was 37 at Chadron.

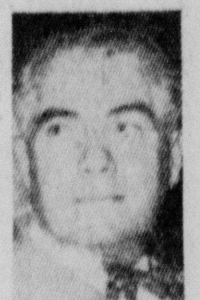
'Malicious,' Adams Says

Ike's Aide Speaks Bluntly In Reply To Ex-Publisher

Washington (AP) — Sherman Adams Thursday night branded as a series of malicious lies testimony by John Fox of Boston that Adams had some interest in Bernard Goldfine's mills and once promised to help Goldfine in a federal agency case.

"Deliberate and malicious falsehoods," said Adams, President Eisenhower's No. 1 aide.

Later he called newsmen to the White House press secretary's office and dictated a statement in which he said:



Fox

"Mr. Fox's malicious accusations are made largely in terms of what he alleges someone else told him

"While I have no way of knowing what someone else is supposed to have said to Mr. Fox, I do know what I myself have said, heard and done.

Termed Incredible

"It is difficult to separate the many falsehoods in Mr. Fox's incredible testimony. Virtually everything he has said about me—in one way or the other—is false."

Goldfine's attorney, Roger Robb, also challenged the story Fox told the House subcommittee on Legislative Oversight. The subcommittee has been looking into gifts and other favors bestowed on Adams by Goldfine, a Boston industrialist.

Fox said, among other things, that Adams once promised to help Goldfine in a case pending before the Federal Trade Commission.

Adams, in his denial of Fox's testimony, termed it incredible that any committee of Congress "would permit a completely irresponsible witness to use the committee as a forum for making such vicious accusations."

Fox is former publisher of the defunct Boston Post.

Adams also said:

Flat Denial

"1. I categorically deny that I have ever said to Mr. Goldfine or to anyone else that I would take care—or had taken care—of his affairs with any federal agency. I have never said that. I have never done that or attempted to do that.

"2. I categorically deny that Mr. Goldfine has ever helped me or any member of my family financially, while my children were in school. I—and I alone—footed my children's bills.

"3. I categorically deny that Mr. Goldfine has ever bought into any ventures for me. Mr. Goldfine has never purchased for me, or participated with me in the purchase of any security or other property. I do not now have nor have I ever had an financial interest in any property or investment, business or undertaking in which he has any interest.

"It is incredible to me that any committee of the Congress would permit a completely irresponsible witness to use the committee as a forum for making such vicious accusations."

First Meeting

It was the first time Adams ever has formally met with newsmen at the White House. It was just about the first time most of them had even laid eyes on him at the White House since the Adams-Goldfine controversy boiled up more than 2 weeks ago.

Adams read his prepared statement in a calm, easy manner. He said before starting to read he would have nothing to add—and it developed he meant it.

Out-Of-State Municipal Bonds Ruled Taxable

. . . Terry Issues Warning

By Betty Person

Sen. Terry Carpenter of Scottsbluff issued a warning Thursday to Nebraska residents holding municipal bonds outside of the state that such bonds are taxable in Nebraska and must be reported on their state tax returns.

Carpenter

Carpenter had asked for an attorney general's opinion on the question when it appeared there was a misunderstanding in some areas on whether or not such bonds were taxable.

The attorney general's office Thursday cited a U.S. Supreme Court decision dating back to 1882 which still stands on the books holding that "one state cannot exempt property from taxation in another."

Carpenter said the confusion may have arisen because bonds in Nebraska municipalities held by Nebraska residents are not taxable in this state.

The Scottsbluff senator said he became concerned over the matter when he made a "preliminary observation" of the estate of the late Howard Wilson of Lincoln whose inventory showed "about $600,000" held in municipal bonds outside Nebraska which apparently had not been reported.

Stating that he was "quite convinced" that Mr. Wilson had intended to report everything on his tax returns that was due, Carpenter said, "I think he omitted them inadvertently."

A check with Lancaster County Assessor Arthur Davis revealed that Mr. Wilson's 1958 tax return was "only tentative" and that it is now in the "hands of his attorneys who are checking the date of acquisition of these municipal bonds."

Davis said tax returns may be taken from his office at any time if they are going to be "revised upwards."

Asked if Mr. Wilson reported holding any municipal bonds outside of Nebraska on

Catch-All Ag Bill Beaten, 214-171

IT FAILS TO REACH FLOOR

. . . OF THE HOUSE

Washington (AP)—Denounced as a tax on milk and bread and derided as "an economic monstrosity," a catchall farm bill died a sudden death in the House Thursday.

A coalition of Republicans and northern big city Democrats succeeded in barring it from consideration on the House floor. The 214-171 roll-call vote appeared to erase any chance of general farm legislation at this session of Congress.

Democratic farm leaders backing the bill had conceded in advance that it had little chance of passage. Their fears were quickly confirmed in a brief debate on a resolution which would have cleared the bill for House consideration.

Referring to the proposed higher price support programs for wheat and dairy products, Rep. Hugh Scott (R-Pa) said the bill should be called the milk and bread tax act. "Iniquitous legislation," he said.

Benson Assails It

The monstrosity label had been applied to the measure by Secretary of the Agriculture Benson, who hinted President Eisenhower would veto it if Congress passed it.

Rep. Clarence J. Brown (R-Ohio) described the bill as "one of the most confusing, most complex, most controversial" measures he had ever seen in 20 years as a House member.

Supporters pleaded in vain that it should be allowed to come to the floor so the farmers could be given their day in court.

Rep. Charles Hoeven (R-Iowa) told the House the bill would cost consumers and taxpayers an extra $1,700,000,000 a year. He said the consumer-financing provisions of a proposed price support program for wheat would raise the price of bread a penny a loaf.

Adoption of the dairy provisions, he argued, would add 1½ cents to the price of milk, 9 cents a pound on butter and "put every cheese producer out of business."

Fifty-two Democrats joined 162 Republicans in killing the bill. On the other side were 150 Democrats and 21 Republicans.

Alliance Man Named To Brand Committee Post

Alliance, Neb. (AP)—The Nebraska State Brand Committee Thursday named Keith Schneider of Alliance as secretary and chief inspector.

He succeeds Chase Feagins who died May 26 and who had been secretary since the committee was set up in 1941.

Schneider had been assistant secretary since 1946.

The appointment was made at a committee session Thursday.

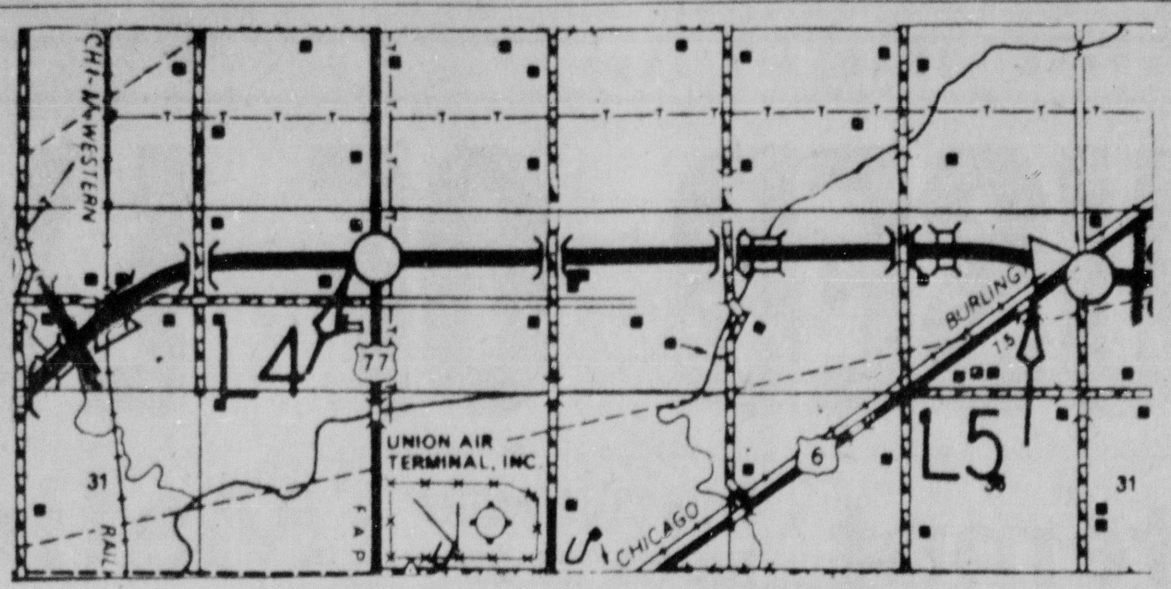
Wheat May Average 40 Bushels

Even though most of the wheat in Richardson County seems to be lodged as the result of an over-abundance of moisture, it is estimated that the yields will run 35 to 40 bushels per acre. Wheat like this being examined by Crissie J. Rist (left), and Ernest Rist, who farm south of Humboldt, was running 16.8% moisture and 58 pounds per bushel. Farmers who began combining were mostly those who owned dryers to process the grain. Some Gage and Pawnee County farmers were also starting their combining. (Star Photo)



INTERSTATE PROJECT

Bids were taken on Lincoln's first interstate highway project, shown above. The project, covering 5.8 miles, extends from the Waverly interchange indicated by the circle to the right, to the point just across the Chicago and Northwest Railroad tracks at the far left. The circle in the left-center of the map indicates the interchange with Highway 77. The triangle by the Waverly interchange on Highway 6, by the Burlington tracks, indicates a project that will be let at a later date when all details have been worked out with the railroad. Fifteen bridges are included in the project.

Research Institute Names 3 New Directors; 2 Re-Elected

. . . Governmental Work

The Governmental Research Institute elected 5 directors at its annual report meeting Thursday.

Elected to 3-year terms were Lloyd Marti, Joe Pavich and Joe R. Seacrest. Reelected were Max Meyer and Myron Weil.

In addition to the organization's fact-finding activities, J. G. W. Lewis, research director, reviewed the extra-curricular work during the past year.

The group sponsors a series of young citizen's broadcasts and its members have been active in the 3-day sessions of the Hi-Y Boys' Unicameral Legislature.

M. A. Hyde, one of the directors, reviewed the accomplishments for better government that have resulted in the past years through the research that the Institute has done.

Sen. O. H. Liebers praised the work of Lewis, who is retiring as the organization's research director after nearly 15 years.

Lewis' successor will be Arthur B. Winters of the University of Nebraska's political science faculty.

The 25-year-old organization has a present membership of about 200 persons.

HENNINGER RENEWS GUARD CUT PROTEST

Maj. Gen. Guy N. Henninger, Nebraska adjutant general, Thursday renewed objections to proposed cuts in National Guard strength.

He said the Defense Department's own reports show Soviet army ground forces still numbering at least 2½ million men.

"It is difficult to reconcile the Defense Department's proposed cuts in men and units of the Army National Guard with the release of such a report on Soviet military strength," he said.

Pentagon plans call for reducing the Army National Guard from 400,000 to 360,000 men during the next fiscal year, with elimination of one-third of the units.

GREASE PAN IGNITES— $1,000 DAMAGE

Fire caused an estimated $1,000 damage to the home of K. C. Hawk of 5330 Gladstone late Thursday afternoon when a pan of grease ignited on the kitchen stove.

Firemen said the blaze charred the kitchen area and caused heavy smoke damage in the living room. Kitchen appliances were also badly scorched.

LOW TEMPS SLOW WHEAT HARVEST

Cool weather has held Lancaster County wheat back and most farmers will not begin harvest until the middle of next week, according to Emery Nelson, associate county extension agent.

Nelson said the wheat is a little riper in the northeastern portion of the county, but around Lincoln sunny days are needed to harden the berries.

He said the wheat looks very good and prospects for a bumper crop still exist. Some damage has been done by insects, but Nelson said it should not greatly affect yields.

The approximate 75,000 acres of wheat is expected to yield more than 2.2 million bushels, or 30 bushels per acre.

Cyril Bish, county extension agent, said that storage should be adequate in Lancaster County with elevator storage capacity estimated at 500,000 bushels and terminal storage at 4,450,000 bushels.

thorizing the Legislature to enact provisions for a system of separate juvenile courts in judicial districts which vote for them, the SEA recommendation pointed out that "juveniles in trouble with the law present special needs and considerations which existing courts are not equipped to deal with adequately" and that at present "districts which need them most are not permitted to set up juvenile courts."

Nixed Bingo

The ministers and lay delegates also adoted the resolution which urged defeat of the "constitutional amendment, which if passed in the fall, would permit bingo for nonprofit institutions" and reaffirmed "opposition to all forms of gambling, even for 'good' causes."

Other recommendations adopted included:

—Favoring action by church members to "record their willingness to welcome as neighbors any new residents of good character, regardless of their race, creed or national origin" by seeking covenants of open occupancy.

—Favoring co-operative development of controlled nuclear power for peaceful and constructive purposes to take the place of testing and stockpiling of nuclear weapons "and call upon our government to take prompt and forthright leadership in this direction."

—Supporting in principle "a workable Fair Employment Practices Act" in Nebraska, "believing that employment opportunities for minority persons are dependent upon" such acts as demonstrated in the 12 states which now have them.

—Favoring "an extensive program of economic and technical assistance to less developed nations and those faced with critical economic situations."

The Rev. H. Franklin King of Omaha headed the SEA committee which presented the recommendations to the state synod for approval.

Hastings Program

Unanimous approval was also given to a long-range development program at Hastings College which was presented by President Theron B. Maxson.

Retiring synod moderator Dr. C. Vin White of First Presbyterian Church, Lincoln, conducted daily Bible lessons through the 4-day conference for approximately 125 ministers.

Committee chairman named for the ensuing years are Dr. Frederick A. Roblee, Westminster Presbyterian Church, Lincoln, stewardship and promotion; the Rev. Harold Taylor of Columbus, ecumenical mission and relations; the Rev. Calvin Ukena, Westminster Presbyterian Church, Lincoln, evangelism; the Rev. Ralph Gerber of Lexington, national missions, and Ray Simmons of Fremont was elected trustee for 3 years.

MUNICIPAL BONDS SAID TAXABLE

(Continued from Page 1.)

his 1957 return, Davis replied that he had not.

Davis said, "We very definitely are going to tax everything that's taxable."

Davis said Lancaster County residents reported a total of $1,765,000 held in municipal bonds outside of Nebraska in 1957 and that the figure for 1958 was not yet complete.

Under Nebraska laws governing intangible property on estates, the county may go back 3 years and place on the tax rolls any property which may have been omitted, inadvertently or otherwise, and collect the back taxes at the intangible rate of 4 mills. Interest also is charged.

If the state tax commissioner learns of intangible property omitted from the returns of a living person, he can place such property on the tax rolls for 3 years previous and tax it at the much higher tangible rate.

Carpenter said Thursday he will make every attempt to change the penalty law back to the tangible rate "whether the person is living or dead," adding that he believes the time period also should be greater than 3 years.

"Laws restricting the penalty period to 3 years just encourage these people to evade the law, and they are the people who can best afford to pay taxes," Carpenter declared.

He estimated that the amount of valuation of such bonds omitted from the tax rolls over the state is "astronomical."

Carpenter said Nebraska's present laws make it "difficult" to find omitted intangible property "especially since we can't subpoena records of brokerage firms."

"Our laws and courts preclude our going on a fishing expedition to find all the intangible property we know is omitted," he said.

Slash In Aid Is Told

Washington (AP) — Rep. Otto E. Passman (D-La) confirmed Thursday night that a House Appropriations subcommittee has cut 482½ million dollars from foreign aid funds.

Passman, head of the subcommittee, did so indirectly in saying there has been what he termed an accurate leak of information to that effect. Passman blamed "the spenders and the wasters" for the leak.

Passman said reports of of the subcommittee's action were "deliberately leaked to give top echelon people downtown more time to conduct their unprecedented pressure campaign for more money."

2-YEAR-OLD IN CRASH IS FAIR

A 2-year-old Lincoln girl was in fair condition Friday following a car-pedestrian accident at 1730 No. 27th.

Crystal Rae Grabowski, daughter of Mr. and Mrs. Dwayne Grabowski of 4134 Y, was injured when she was in collision with a car driven by Allen Robert Laribee of Detroit, Mich.

Witnesses reported the girl ran into the street, not at the intersection, and the driver could not stop in time to avoid hitting the child.

The girl suffered head injuries.

Bingo Petitions May Need 5,000 More Names

By Betty Person

If the current percentage of invalid signatures found on bingo petitions prevails, sponsors of the proposed constitutional amendment to legalize bingo will have to get another 5,000 signatures before the July 3 deadline to assure placing the issue on the November ballot.

Deputy Secretary of State Roland Luedtke reported late Thursday that a little more than 16% of the signatures checked thus far have been disqualified for technical reasons.

The Veterans of Foreign Wars and Fraternal Order of Eagles have so far submitted petitions bearing nearly 66,000 signatures.

As of late Thursday, the secretary of state's office had checked petitions from 22 counties bearing a total of 47,413 signatures. Of that number, 39,718 were found valid, and 7,695, or about 16%, were disqualified.

A total of 56,794 valid signatures are necessary to place the issue before the voters next fall. This represents 10% of the total vote for governor in the last general election.

Included in this number is another requirement that petitions from each of 38 counties must bear signatures totaling 5% of the vote for governor in that county's last general election.

Three of the counties checked thus far, Boone, Brown and Cherry, have failed to meet the 5% requirement.

State VFW Adjutant Robert Lowe said he was "not concerned" about meeting the county requirement, but said he has had "a knot in my stomach for 3 days and nights worrying about getting the total number of signatures needed."

Lowe said he has written letters to "every VFW post in Nebraska" and has phoned all the larger posts, urging them to get the additional signatures in by the deadline.

"If all the support promised materializes," he said, "we'll make it all right."

Rep. Knutson To Seek 3rd Term

St. Paul (AP)—Rep. Coya Knutson (D-Minn), whose husband pleaded with her to get out of politics and come home, has filed for re-election.

She is seeking a 3rd term as representative of the 9th District in Minnesota.

Mrs. Knutson, 45, got involved in a public domestic squabble last month when her husband, Andrew, 50, a hotel operator at Oklee, Minn., asked her not to run for re-election.

New Administration Building At State Hospital Planned

The State Board of Control reports it is preparing plans for the new administration building to be constructed at Lincoln State Hospital.

The governor has approved the use of the institutional building fund for this project, the Board said.

A total budget of $191,000 has been made for the project which the board is planning to use a a replacement for the old original administration and hospital building which was put into use in 1872.

Patients' areas of the old structure have already been replaced by new buildings for tuberculosis and security patients. Temporary quarters for the administrative offices have been made in the basement of a ward building.

Demolition Begun

Contracts for demolition of the old building were recently let and the board said it expects work will be completed by Sept. 1. Construction of the new building is slated to begin at about the same date.

The new building will be one story in height, and about 206'x60' in size. It will contain space for business office, business and medical records and administrative offices of the hospital. A visitors' lobby will be provided as will a new parking area for visitors.

The new structure will be located in the area currently occupied by the center and north wing of the old building at the center of the hospital grounds.

Fire broke out in the old administration building, known as "Old Main," last Mar. 9 and spread to an adjoining annex. Nearly 400 patients were evacuated.

The fire occurred shortly before razing of Old Main was scheduled to get underway.

County Fumbles Again

By WILLIAM O. DOBLER

The way the county does things sometimes, it is too bad they don't hide behind a closed door forever. If they never came out, they would at least be unable to waste any of the taxpayers' money. And doing nothing would be better than doing something wrong.

The Committee Can Do It

Now the county commissioners, sitting as the Board of Equalization, have decided, as one of its own members put it, to push its responsibility off on a committee. This was the way Commissioner Del Lienemann described the board's proposal to hire a firm to make an appraisal of personal property of Lancaster County. Once again, we welcome the opportunity to agree wholeheartedly with Commissioner Lienemann. Why does not the county itself do the job expected of it?

There is a county assessor and at times during the year there are a great many deputies who wander about the city helping people fill in their personal property tax returns. What the county should do is stop wasting this money and put the deputies to work on getting honest tax returns.

It is no secret that an honest return is scorned even by taxing officials. All the county needs to do to get the kind of valuations it seems to want is to go to work, not spend more money on an outside firm of experts. The laws now on the books need to be enforced and some of them need changing.

★

If the county wants to perform a service to the public, it should devote itself to the pursuit of those two goals — strong enforcement and better laws. And what is the county going to do with an expensive appraisal of personal property?

The schedule for this property changes from year to year as inventory changes. The appraisal would be good for only a limited time. The only way these valuations are going to be maintained at their proper level is by a vigilant and hard-working assessor's office.

★

When the Equalization Board called its secret meetings to discuss the valuations of some 22 business firms, a number of things were discovered. There were certain inequalities among different returns due to the use of an obsolescence factor.

The board has said nothing about what it intends to do to correct this situation. Nor has the board said a word about the overall total of business inventories. There is no indication whether these inventories are substantially true accounts of merchandise on hand or ridiculous abuses of the law.

A Comparative Analysis

Except for the obsolescence discussion, the only other statement made in connection with the three secret meetings was the assertion that the returns studied were correctly made out. That covers a multitude of ground but give no one any idea as to how this side of the tax picture stacks up in comparison with the real property tax side. There are a great many home owners who would like to know their share of the tax load as compared with the share being assumed by business firms.

Perhaps there are some who would be inclined to excuse the county's mistakes on the grounds that they were at least trying to do a job. On this, it might be said that the county has gone for years without doing anything in this field of taxation. Suddenly, between a primary and general election and just ahead of a state legislative tax investigating committee meeting in the county, the board proposes to undertake a job that probably will be a year in the making. Piety or politics?

Schools Sue City

The Lincoln School District will be a long time justifying its action in suing the city of Lincoln for $279,914 in back parking violations fines. The district will eventually find out that it has lost a lot of friends in taking this step.

As stoutly as the Board of Education may and does deny it, the move is still hard to see as anything but a selfish one. The district makes a great deal of what it claims is a legal responsibility to take this matter into court. But the district seems to forget that there is a spirit of the law as well as the letter of the law.

The action will have a very bad effect upon the city in a number of ways while doing the district absolutely no good whatsoever. Until the suit is settled, it will adversely affect bond issues of the city. It will also take a great deal of the time of the city's already overburdened and understaffed legal department.

Then, if the suit is won by the schools, it will play havoc with the city's budget — a budget which is already so tight that it has the city starving for funds in many areas. This might be compared with a school budget which this community has never questioned and always supported, despite the fact that it has jumped higher and higher until it now stands, at 41.73 mills, head and shoulders above the budget of any local governmental subdivision. We wonder if any member of the Board of Education even knows what it is like to have to cut from a budget many badly needed items. Dozens of them are cut every year by the city.

The district budget is handed out to the people in a clean-cut package which has been carefully prepared before it is released. Few details of the district budget are given and the budget is discussed and prepared by the board and school officials in private meetings. On the contrary, the city budget is publicized from the time the first preliminary requests are made to the time the final budget is adopted. Every single detail of the city budget, down through the smallest item in every department, is discussed in the open and publicized.

The district, also, has no statutory limit on its budget while the city has a specific limit under its charter. In addition to all of this, all past dealings between the city and district have seen the district giving the city the short end of things.

For all the advantages it has had, the district looks pretty small in this court action. In all his years in office and in those to come, Mayor Bennett Martin has said or will say nothing with which he will find more agreement than his reaction to this suit — "very disheartening and discouraging."

It is also unrealistic to say a $279,914 judgment against the city would not cost the taxpayers anything. Any way you look at it, it is an unexpected expense and money that will have to come out of taxpayers' pockets. To say the district levy would just be reduced in proportion to what it gets from this suit is a nice argument but we have no faith in it whatsoever. The fact is that things just don't work that way and anyone familiar with government operations knows it.

No Fanfare This Time

The United States has named the membership of six agricultural groups who will go to Russia this summer and fall under a State Department exchange arrangement that will bring as many Russian groups to this country.

The exchange will be for a comparative study of agricultural economics, crops, soil and water use, veterinary science, plant physiology, farm mechanization and cotton culture.

It was interesting to note that this second inter-country exchange was received with full acceptance and little if any of the tense interest that characterized the first exchange two years ago. It is an illustration of the ease with which international barriers can be surmounted by the people-to-people approach.

Unquestionably the Russian delegations will pick up advanced knowledge that will tend to strengthen their country. But on the other hand we will learn things, too. And in the final analysis nothing will be learned by either side that will feed the fires of animosity. And, of course, nothing will be learned that either side could not have found out for itself, given a little time.

Pending specific evidence that these people-to-people exchanges are to the detriment of the national interest, of which there is none now that is visible, there should be no hesitation in expanding them.

A Lofty Dream

To be honest about it, we can't get very exercised about who is mobbing whose embassy around the world and those who may or may not be responsible for it. It might be serious business in some quarters but it certainly looks like a lot of child's play from here. When people can behave in such a manner, it makes you wonder if there is enough good sense in the world on which a peace can possibly be based.

But fortunately, there are generally other things around to bring new hope. Such is the case of the newly installed president of the American Medical Association, Dr. Gunnar Gundersen of La Crosse, Wis. He has spoken in glowing terms of a dream of world brotherhood with physicians taking leadership for world peace through the balm of the universal healing art.

Rather than a dream of world brotherhood, it may simply be a dream world but one can't help but think of the vast benefits to mankind that are being wasted in the world. There are still many areas of the world in which disease and suffering long ago eliminated in the United States are still prevalent.

Any nation that could provide leadership in raising the health standards, extending the longevity rate and cutting the infant mortality rate on a worldwide basis would endear itself forever to millions and millions of people. Good health is next to life itself in the natural desires of all men. A world united and bound together through the science of medicine would be a world where violent conflict would have a difficult time getting started. Maybe it will never come about but so long as there is the dream in men's minds, there is also hope.

DREW PEARSON

Press Secretary's Elasticity Of Truth

WASHINGTON — This column has sometimes referred to James C. Hagerty as the most efficient press relations officer ever to serve in the White House. Efficiency, however, is not to be confused with accuracy. Sometimes it best serves Jim's boss for him to be inaccurate.

Adams' vicuna coat — On Friday, June 13, Hagerty was queried by the press re the reported Goldfine gift of a coat to Adams. He consulted Adams, but did not comment.

Ike's vicuna — By Monday, June 16, it was finally confirmed that Adams had received a coat, and on that day Hagerty was asked whether anyone else in the White House had received a coat. "I can speak only for myself," he replied. "My answer is 'no.' " On the preceding Friday, Hagerty had learned that Ike had accepted a coat from Goldfine, or at least the material for it.

Adams' mats—In the course of explaining that Ike had given his vicuna cloth to a friend whose name he couldn't remember, Hagerty said: "He (Pearson) says Adams received several rugs. That is also a lie." Later that same day Adams testified that he had received what he called "mats."

☆ ☆ ☆

Ike's Heart Condition—Jim vigorously denied, Aug. 4, 1953, this column's report that the President had a heart condition. Subsequent events speak for themselves.

Bikini H-bomb test—Hagerty blasted me publicly, April 1, 1954, for allegedly breaking the release on the results of H-bomb tests at Bikini. He telephoned me later to say he was wrong and apologized. He did not make his apology public.

Ike's Denver illness—On Sept. 24, 1955, the White House announced that the President had suffered a "slight digestive upset," and stuck to this story until after noon. Later it was officially admitted that "the first symptom" of a heart attack was known as early as 2:45 a.m.

Ike's ileitis attack—On June 14, 1956, after the President went to the hospital with ileitis, Hagerty was asked why this stomach condition wasn't announced at the time of his "head-to-toe" examination. He blandly replied, "It didn't show up." Yet the doctors explained they were able to operate in a hurry because they knew of this previous condition.

☆ ☆ ☆

Golf at White Sulphur — When the President entertained the president of Mexico and the premier of Canada at White Sulphur Springs, W.Va., on March 26, 27, 1956, Hagerty emphatically denied that Ike had spent more time golfing than he had conferring with the two heads of state. Actual clocking of the President's time showed he spent three and a half hours conferring with the two dignitaries, five hours on the golf course.

Khrushchev's telecast—Hagerty told the press on June 3, 1957, that Ike had not seen the Khushchev telecast on CBS from Moscow, but was aware of it. On June 5, the President told his press conference: "All I have seen was what you saw on television." This is not by way of saying that Jim doesn't do a good job. He does an excellent job and under difficult circumstances. But it should also be remembered that what he says is not necessarily the gospel truth.

Goldfine Testimony Not A Likely Balm

WASHINGTON — Bernard Goldfine is scheduled to testify before the Harris subcommittee next Tuesday about the operations of his companies and his relations with Sherman Adams.

If anyone who knows Goldfine understands what makes him tick and has seen the effect he produces upon others could get past the Adams "cordon sanitaire" around the President, he would give the President an assessment of the prospect about like this:

Washington has seen a lot of characters in the witness chair before a congressional committee firing embarrassing questions. Witness Goldfine will turn in a performance to rank with the most memorable of this rather specialized category.

He loves the sound of his own voice. He is a hard man to interrupt. He never answers a question but does a snow job of his own views with perhaps a rhetorical question for the questioner thrown in.

His own lawyers in the lawsuit which have brought him before the courts have had such trouble with this Goldfine idiosyncrasy that their situation is a standing joke among their fellow lawyers. The Goldfine lawyers warn him that judges are allergic to such witnesses, not to mention other lawyers. Goldfine does not seem to catch the name.

☆ ☆ ☆

It should be unnecessary to warn the President that a performance less calculated to soothe the savage breasts of congressional inquisitors can hardly be imagined. Occasionally some homespun character with a high degree of humor or winsomeness gets away with it.

In this situation, even if the politicians had not scented the heady wine of a telling issue such an outcome would appear improbable. Goldfine is a big city type; the Harris subcommittee members are chiefly small-town types and from geographical areas remote from the style of folk humor that Goldfine will evoke among many of the press, at least.

But any kind of humor is not apt to be a good idea for the President, the presidency and his party. There are many signs already that the country is ahead of Washington on the Adams issue.

☆ ☆ ☆

The best proof is the continuing outcries of Republican candidates. They can't take the heat, and they think the kitchen in this instance belongs more to them as Republicans seeking elective office than to Adams, the presidential appointee.

The fact that no politician of his party can lay a glove on Adams through the President is one of the extraordinary facets of this amazing story. It dramatizes anew how remote President Eisenhower is from the party he presumably leads. Other presidents have stood by their own people, but they have had to listen to the party powerhouses just the same.

Has Anyone An Engine To Go With Toot?

By MONA B. PARKER

The Ft. Sidney Days parade was held as part of the regular activities, as it has been for the past ten years. But there was a gap in the front ranks this year that did not belong there. . .

Bert Bates, 92-year-old Lodgepole pioneer and his famous horse, "Buck," have led the parade ever since its beginning. "Buck", reaching his 30th year, gave his final performance last season and retired to pasture and to rest. Mr. Bates, who is not ready for pasture yet, was on hand to watch the floats go by. . .

A Stapleton columnist remembered fondly some of the dogs his family had belonged to when he was small. There was old Shep, who developed such a protective feeling for him and his two brothers that he wouldn't allow their mother to lay a hand of discipline on them. .

"The only way she could spank one of us was either to tie Shep up or get us in the house so he couldn't interfere. This was a big help, as by the time Mother got us away from Shep, her hand wasn't nearly as heavy."

Railroad enthusiast John Vaughn of Holdrege is putting his train together from the sound up. . .

He is now the proud possessor of a large and beautifully toned old steam railroad whistle. His long-held ambition is in some way to secure a complete steam engine for both the youngsters and oldsters to admire.

It doesn't bother Norris Alfred to rewrite history for the Polk Progress, especially if it makes a good story and is topical. Take the finding of this land of ours, for instance. It's Mr. Alfred's own theory that Columbus, one of the most ardent and successful fisherman of his time, heard of a monstrous potential catch that lived far out in the ocean, and that he immediately went in rabid search of same. "He never did find it, but he accidentally discovered the American continent," so the finny tale goes. "And he cussed all the way back home because he hadn't caught the fish."

Those with a fine taste for the fruit but not the growing don't stop with a few nibbles when it comes to cherry trees in Nebraska City. Mrs. Van Norman of that town reported one of her trees stripped clean, with nearly three quarters of a bushel of pie and cobbler filling carried off. . .

Bermuda shorts have struck Curtis again, the Enterprise reports, in much the same tone as one describes a plague of locust or an outbreak of measles.

"A pair walked down main street the other day. The person filling them was unaware of the many stares. All that the person needed was a horse. The two would have fit like a glove."

Another Kearneyite works for a firm whose policies are fairly illustrative of government, big or little, and its fabulous accomplishment of converting molehills of decision into mountains of detail.

When his company decides that nothing can be done to cope with a problem, he explains, it is turned over to a committee. The committee, in turn, decides collectively that nothing can be done to cope with the problem.

Not Amusin'

Lincoln, Neb.

To the editor of The Lincoln Star: What chance does the poor little confused voter have, anyway? First we get told, no choice, that we're going to have a wheel tax, like it or not. Then when enough ruckus has been raised that a vote is finally forced, they shuffle the wording on the upcoming ballot around so that a person doesn't know if he's voting for or against.

The average person is a simple-minded cuss. If he's for something, that's "yes," as far as he is concerned, and if he's opposed, he says "no." So, in all likelihood, with this negative wording we'll have to buck at the polls, nearly everyone will cast a vote that is the exact opposite of what he really thinks.

Something occurs to me that might see some sort of justice prevail, after all. Supposing the majority of the voting populace do favor the wheel tax, and vote "yes" accordingly? The powers-that-be who have arranged such a neat little legal "fix" would thus have defeated themselves.

Thank You

Lincoln, Neb.

To the editor of The Lincoln Star: On behalf of the military and the civilians who worked so wonderfully well to give Lincoln its finest entertainment in many a year, may I express appreciation for the excellent publicity The Lincoln Star gave. I think it is extremely important that all people remember that all the entertainment except for the fireworks was presented without any cost. That included the Minutemen and the Thunderbirds, the helicopter air ground rescue, the National Guard, the retriever dog exhibition, and the Tommy Bartlett Water Thrill show. This was so the maximum funds realized from the show could be put to work for the welfare of the men at Lincoln Air Force Base, making for them a better "home away from home."

Fighting Party

Hastings, Neb.

To the editor of The Lincoln Star: Had this writer been offered the opportunity of writing a couple of Democratic planks for the Democratic state platform, he could not have written better ones than the state convention has adopted in behalf of the aged on state assistance rolls, the blind and dependent children.

It will be a happy day for the old folks when the administration of the state assistance law is taken away from the State Board of Control, as the Democratic party now promises to do. And, too, it will be a still happier day when the Republican game of diverting taxes paid for the benefit of the state's dependents into the general fund comes to an end. The Democratic party of this state promises to end it, if given such power.

It is a changed philosophy that now confronts the old folks and their children, and it ought to be appreciated by them. A party has come to life to champion their cause — a fighting party. Sen. Hruska will recognize that fact when he will be asked why he as a member of the advisory committee to the State Board of Control sought the adoption of his proposal that the workability of the individual should be considered an asset in the determination of the individual's need.

Information, Please

Lincoln, Neb.

To the editor of The Lincoln Star: We wish to thank you for your lead editorial of June 25, in which you describe the yes-no vote on the wheel tax ordinance in November.

Incidentally, how do the people find out anything about those charter amendments? The writer called at the City Hall and was graciously given copies of The Sunday Journal and Star supplement of January 20, 1957. The friends informed me that these amendments have been changed and that no amended copies are available for distribution. There is a rumor of a meeting of the charter committee next Monday evening, or the next Monday evening, or some other time. I thought to attend and get some information from the discussion, but have since been told that this is another of our private meetings about public affairs. Such meetings are becoming downright popular!

Would your paper do this community the measureless service of publishing the charter amendments as they will be offered to the voters next fall? Will you tell us whether urban renewal is to be voted upon next November? If so, will the language be English?

WINIFRED LEWIS
Chairman, Citizens' Committee

Editor's Note: The charter committee and City Council will meet jointly Monday, July 7. The meeting will be attended and reported by the press but is not a public meeting for hearings. Public meetings for hearings are expected to be held later but well in advance of any vote on the charter. The charter contains nothing about urban renewal and that issue will not be voted upon in November. Certainly, before the charter is voted on, provisions should be made for all to obtain in advance a copy of the proposal. This newspaper will decide what it will do in the matter when the charter proposal is made final and a definite election date is set.

Too Young

Bladen, Neb.

To the editor of The Lincoln Star: I have often read in the newspapers of very young boys operating tractors in the field and on the road. Recently a boy of 11 was driving a tractor, spraying a cornfield, and was killed. There should be a law against boys operating such dangerous machinery or working around them. There are too many men meeting untimely deaths, to say nothing of boys being killed.

Tractors and other machinery are man-made. Men should have demonstrations on how to use them safely. Boys of 11 are not allowed to drive cars on the road, so why should they be allowed to drive tractors, either in the field or on the road, at such an age?

Ex-Marine Chief Cates Says Corps May Disappear In Ike Reshuffle Plan

General Blasts Reorganization

Washington (UPI) — Gen. Clifton B. Cates, former Marine Corps commandant, said Thursday the leathernecks might be re-jiggered into a "nonentity" under President Eisenhower's defense reorganization plan.

Cates, testifying before the Senate Armed Services Committee, criticized the House-passed reorganization bill as an attempt to convert the chairman of the Joint Chiefs of Staff into "a national chief of staff."

He said the proposed reorganization went too far toward setting up a unified command.

Not Outright

Cates said he did not believe the Marine Corps would be abolished outright. But he said "we may wake up some morning and discover that the corps has been reorganized and consolidated and reassigned into nonentity."

Cates testified after the committee and the Defense Department apparently settled a squabble over outspoken criticism of the Eisenhower plan by some top military leaders.

The controversy ended at least outwardly when Defense Secretary Neil H. McElroy assured the committee that no reprisals would be taken against military critics of the proposal. The committee had suspended hearings pending the McElroy pledge. It will start re-hearing military officials next week.

6 Carriers To Discard

Private Line Rate Cut To Affect LT&T

. . . Official Says

Some Lincoln Telephone & Telegraph Co. business subscribers may be affected by the Federal Communications Commission ruling cutting all American Telephone & Telegraph Co. private line rates about 15%.

Although LT&T is an intrastate organization, not under the jurisdiction of the FCC, a company official pointed out that some private line service furnished to businesses in the city connect with Northwestern Bell Telephone Co. circuits. The Bell system is part of AT&T.

Northwestern Bell serves Omaha, McCook, Grand Island, Norfolk, North Platte, Fremont and smaller Nebraska communities.

The cut in special circuit service will not affect rates of private subscribers, however, because the service is used primarily by government agencies, stock brokers, banks, large industries and other sources needing continuous communications between distant points.

Ike Will Inspect Seaway Section

Washington (AP) — President Eisenhower will go to Massena, N.Y., July 11 to inspect a section of the St. Lawrence Seaway being opened next week.

The President and Mrs. Eisenhower will make the visit on their way back to Washington by plane after a 3-day stay in Ottawa, Canada, as the guests of Prime Minister John G. Diefenbaker.

As announced previously, the Eisenhowers will be accompanied to Canada by Secretary of State and Mrs. John Foster Dulles.

The party will be in Ottawa July 8-10, with departure for Massena scheduled the morning of July 11.

Special High Court Session Proposed

. . . By Petitioning Negro Attorneys

Washington (AP)—Negro attorneys Thursday urged the Supreme Court to hold a special session for quick overturning of a 2½-year delay ordered for school integration in Little Rock, Ark.

Lemley

A petition filed by the attorneys said the delay ruling by U.S. District Judge Harry J. Lemley of Hope, Ark., was clearly wrong.

It described the legal position taken by Lemley as amounting to "an invitation to violence and to substituting a government of mob for one of laws."

It said his ruling conflicted directly with the Supreme Court's 1955 call for ending compulsory segregation with all deliberate speed.

The Supreme Court had planned to adjourn for summer vacation after its next public session on Monday.

Action to be taken on the special session plea will be considered at the court's closed conference on Friday, but its decision probably will not be made known until Monday.

A request for a stay of Lemley's order, and an appeal asking that his ruling be reviewed on its merits and reversed, are pending before the U.S. Circuit Court in St. Louis.

Thursday's petition asked the Supreme Court to permit bypassing of the Circuit Court, so that a prompt and final ruling may be given by the highest tribunal before schools reopen in September.

'Must Leave'

Tokyo (AP)—Prime Minister Kim Il Sung of North Korea said American troops must withdraw from Korea at once.

He said the people of Korea would compel them to leave, but didn't say how.

Stan Delaplane's POSTCARD

Up and breakfasting early on bacon and eggs and feeling remarkably hearty on such a sunny morning. In fact, felt like beating on chest. In fact, did beat on chest — first making sure nobody was watching.

Felt sharp pain in chest. Immediately filled with gloom. Made tender examination, mentally drawing up will and preparing for worst. Discovered pin left by laundry. Removed pin. Beat on chest again. Felt wonderful.

☆ ☆ ☆

I owe my excellent health to the loving care I give to me. I do a good deal of it by witchcraft.

This morning I took two vitamin pills (The bottle says take one. But I think BIG.) I pay little attention to the label. The label says these pills contain B1, B2, B6 and B12. What happened to all the B numbers inbetween?

Who cares? I take these pills because they are bright yellow.

It is a color I happen to like. If they had powder-blue pills, I would take those. Thus we are led down the garden path: Vitamins, plentymins, octamins, lotsamins.

☆ ☆ ☆

Pills are getting mighty tasty these days. (My pills taste like raspberry.)

Believe me, it was not always so. And when I was small and easy to dose, the things they poured down me tasted awful. The worse it tasted, the better it was for you was the idea.

When grandma took me by the pinkies and led me toward the medicine chest, I knew whatever was in store was not chocolate ice cream.

Our pills were in powders. The powder was folded in an oblong piece of paper. About the size of a stick of chewing gum. While you stood there shuddering, your grandmother unfolded one of these. She drew a glass of water.

"Open your mouth and put out your tongue," she said.

You put out your tongue and she dumped the powder on it. Then you took a big swallow of water. Wormwood and gall! It makes me squirm just to think about it.

☆ ☆ ☆

Well, this kind of medicine makes you hardy. Only the strong among us survived.

We had strong remedies. Mustard plaster was about the best thing you could do for a chest cold. It nearly suffocated you. But it was highly thought of.

It gave you a will to recover.

Nowadays, all the pills are so pleasant, you can keep your mind on your illness. But when grandma took hold, all you were aware of trying to shed was the cure.

☆ ☆ ☆

About the most powerful remedy in those rugged days was castor oil. You had a choice: You could take it neat, with your grandmother gripping your coat collar and nose. Or you could take it with orange juice. And the same grip.

One thing you could not do. You could not stall.

"The sooner, the quicker," said my grandmother cheerfully.

Down the hatch. Ugh!

This treatment was good for a number of things. It was good for stomachache. (Which you got from eating the first green apples.) It was good for growing pains and hives and loss of appetite. If you sneaked cookies and didn't want dinner, for instance.

If you confessed the cookies, you got licked.

If you didn't, you got castor oil.

☆ ☆ ☆

Sometimes while taking my delicious vitamin pills, I think about those un-vitamined days. I grew up exceedingly healthy. And what I think is, it was a good thing I grew up fast.

They almost got me.

WOMAN WITH 46 DOGS GRANTED STAY

. . . N.Y. JUDGE DELAYS A POSSIBLE 'GET-RID-OF-THEM' DECISION

New York (AP) — A little gray-haired woman who pleaded that the 46 dogs in her house are like babies to her won a stay Thursday against getting rid of them.

"Please, Judge, have a heart," said Mrs. Martha Hinrichsen. "They're my babies. I love them. I give my full time to my animals."

Magistrate Walter J. Bayer, put off a decision. He said he would inspect the house later to see whether her plea is justified.

"I don't see any reason why you should keep 46 dogs," he had said.

Mrs. Hinrichsen said the animals were as important to her as children might be.

A NEW BREAKFAST

delicious cereal discovery by General Mills!

Wheat...Corn...Rice...blended into one hearty tasty flake with at least

3 TIMES THE HIGH-QUALITY PROTEIN

of any leading ready-to-eat cereal!

"Hi-Pro can make such an important contribution to your breakfast. Just look what a serving of Hi-Pro and milk gives you." Betty Crocker

AS MUCH PROTEIN AS AN EGG AND TWO SLICES OF BACON	A COMBINATION OF MORE OF THE IMPORTANT VITAMINS THAN MANY FRUITS	MORE OF THE IMPORTANT MINERALS THAN 2 SLICES OF WHOLE-WHEAT TOAST

"A WHOLE BREAKFAST IN A BOWL"

Two years ago no one ever dreamed that such a cereal was possible! But General Mills has developed an exclusive process which blends milk protein with three different grains...wheat, corn, and rice...into a single flake outstanding in protein...high-quality protein such as you'd get from meat, eggs or dairy foods!

Just a quick glance at the panel alongside shows you the rest of the story...that **Hi-Pro** *is the most nutritionally perfect breakfast cereal ever developed!*

And this perfect blend of grains makes possible an entirely new and different flavor...a hearty toasted flavor that the *whole* family can enjoy. Try **Hi-Pro** yourself and enjoy a unique combination of flavor and food value never before possible in a cereal!

Nixon Launches Offensive On Demos

Portland, Maine — Vice President Richard M. Nixon, launching an offensive against the Democrats, called the 5 years of the Eisenhower administation "the best years of our lives."

A crowd of about 2,000 at the State Republican convention cheered and applauded lustily as the Vice President declared:

"Economic prospects today are better than they have been at any time since the first of the year. We have reached the bottom of the recession."

Ruddy, smiling and trim, the Vice President hammered hard on his contention that the GOP has no reason whatever for going on the defensive.

Little Patience

"I have little patience with those Republicans who have a hang-dog down-in-the-mouth attitude about the Republican party's chances in 1958 and 1960," he said.

"I don't often agree with Harry Truman—and he doesn't agree with me, either — but the pessimists in our party can take a lesson from him. He was given less chance to win in June 1948 than the Republicans are given to win the Congress this year.

"But he refused to acknowledge he was beaten, and he fooled the experts . . ."

At an earlier news conference, Nixon said it is too early to tell whether the Adams-Goldfine controversy will be an issue in 1958 and 1960.

Personal 'Guess'

"But it's my personal guess," he said, "that the people who are predicting that the Republican party has suffered irreparable damage will be proven wrong."

Whether the Adams case will plague the GOP will depend on what other issues develop in the meantime, he said

Also, he continued, it will depend on whether the matter is kept alive — perhaps by "additional disclosures" during the House investigations.

In any case, Nixon said the people could have confidence in President Eisenhower's judgment.

"If any evidence develops which indicates the public interest has suffered, the President will act," he said.

Action Deferred On Budget For Air Age Program

The State Aeronautics Commission has deferred action until its July or August meeting on a request for an $11,905 operating budget for the Nebraska Air Age education program during the next fiscal year, State Aeronautics Director Roland Harr said Thursday.

An earlier story erroneously reported that the budget item had been approved.

Harr said commission members W. W. Cook of Beatrice and C. H. Fliesbach of Scottsbluff were appointed to a committee to review the air age education program and make recommendations to the commission at a later meeting.

The Aeronautics Commission approved a $12,000 budget item—up $1,000 from this year—for the aviation agricultural experiment program at the University of Nebraska College of Agriculture.

The money goes for research on aerial spraying and seeding, including night operations and lighting equipment, distribution of seeds and fertilizers, spray equipment, chemical fallowing and pest and insect control.

Vets Hospital To Honor 13 Employes

An employe awards ceremony will be held Friday afternoon at the Veterans Hospital, with Dr. J. Melvin Boykin, manager of Veterans Hospital, presenting service awards to 13 employes.

Clyde Sheridan Jr., who was recently named civil service servant of the year from the Lincoln area, will be presented the Veterans Administration "Commendation Certificate." This is the 3rd highest award given to VA employes. S. M. Rosebraugh, area director of administrative services for the VA, will make the presentation to Sheridan.

Max Baskins, chief of the X-ray service at the Veterans Hospital, will be honored for 40 years of service, 28 of which were spent with the local hospital.

Other awards include 10-year service pins and two 20-year pins.

SPOT REDUCE

HIPS, THIGHS, TUMMY, WAIST

TAKE INCHES OFF WHERE YOU WANT THEM OFF—
THE Vibra-Slim "HOME SALON" WAY!

Select The Spot That Needs Slimming Most . . . Then Let Vibra-Slim Go To Work!

TUMMY, WAIST: Conditions, tones and exercises weak, inelastic muscles . . . helps tighten sagging skin. It's the pleasant "minutes a day" way to spot-reduce unsightly fatty deposits on your Vibra-Slim "home salon" reducing program . . . without starvation diets! Delightful tingling vibrations are so kitten soft . . . so whisper-quiet!

BACK, BUTTOCKS: Like a thousand busy fingers massaging you . . . blissful Vibra-Slim pulsations set fatty tissues into exercising slenderizing motion, gives many times more massaging action than a professional rubdown. So soothing too . . . and how pleased you'll be as embarrassing bulges are whittled down the Vibra-Slim way . . . as excess layers of flesh are remolded into sleeker, smoother more curvacious lines.

SPOT-MASSAGES YOU 3200 TIMES PER MINUTE!

Like having a private reducing salon in your own home!

Just 15 minutes a day helps whisk unwanted inches away while you read, watch TV, even nap. And you'll be the proud owner of a marvelous "home salon" exerciser that the whole family can use and enjoy for years to come for invigorating body tone . . . penetrating deep massage . . . soothing relief for minor aches and pains . . . healthful "exercise without effort!"

More effective in a few minutes than days of exhausting exercise

To get the merest idea of how much excess flabby tissue your Vibra-Slim exerciser can massage and manipulate in just one minute's time—do this: Just place both your hands on your waist, thighs or tummy . . . and gently rotate your hands.

Now imagine if you can, that this soothing manipulation is going on at the fantastic rate of 3200 times a minute . . . and you'll begin to understand how Vbira-Slim is so remarkably helpful in coaxing excess puffy flesh into taut, smooth lines so quickly! And remember, it is this speeded-up motion of your tissues . . . 3200 times per minute . . . that aids in fast, effective, spot reduction . . . that actually helps trim down the size of your measurements wherever it embarrasses you most! Your own measurements before and after starting your Vibra-Slim slenderizing program will dramatically prove that to you!

Every conceivable advantage of the finest salon methods is yours with Vibra-Slim. Along with your machine you also get a generous supply of Vibra-Slim's safe, proven appetite satients for lowering your caloric intake without special diets of any kind whatever.

Remember, Vibra-Slim goes to work directly on the cause of your "Fatty Problem Spots"—helps to firm and tighten while you relax.

So now is it any wonder why the Vibra-Slim method can actually accomplish in just a few days what exhausting exercise can only accomplish in weeks, even months. Or why it's more efficient than a professional rubdown in an expensive salon. Remember, no two hands . . . or even a dozen, can possibly put so many of your tissues into scientific slimming motion at once. Best of all, you'll know as the minutes fly by that you're creating a newer, lovelier you . . . that each luxurious flexing-vibration is molding you toward perfection and that its magic slimming-action is helping to take years off your figure as you arise refreshed, alive, glowing, stimulated!

HIPS, THIGHS, CALVES, UNDER KNEES, ARMS: You'll love the way Vibra-Slim's exclusive contour-shape home exerciser snugly fits around fleshy limbs and fatty layers . . . saturates sagging tissues with a delicious shower of purring pulsations. Excess flab seems to vanish away like magic on your safe, scientific Vibra-Slim spot-reducing program. You look inches slimmer . . . firmer, smoother too!

Exclusive contour shape fits any part of your body.

The pink cash register tapes you have been saving for the free gifts listed on Safeway's Save-a-tape plan may be redeemed by your choice of three different methods:

1. Exchange them for Gold Bond Stamps—one stamp for every 10c purchase represented on your tapes.
2. Redeem them for the premiums listed on Safeway's Save-a-tape plan.
3. If you do not have sufficient tapes for the Save-a-tape gift you wish, ask at your Safeway store about paying cash for the difference.

Your tapes should be exchanged for either stamps or premiums before July 21. On that date the pink tapes will expire.

Gold Bond Stamps

Safeway selected the Gold Bond Stamp plan. We know you will be more pleased with the greater variety of distinctive premiums that if offers. There are hundreds and hundreds of beautiful gifts — all especially selected with you in mind . . . your very special tastes . . . your family's desires . . . and the needs of your home. These exciting premiums are known by the first quality, famous names such as: Westinghouse, General Electric, Presto, International, Ansco, West Bend, Cannon, Anchor, Wilson and a huge list of other equally famous brands.

You'll be delighted — in fact thrilled — with this great array of gifts. Earn them quickly by collecting the Gold Bond stamps you'll receive with each 10c purchase at Safeway.

On the Guest List

In town at the moment is Mrs. Frank Chapman of New York City, who is spending several days as the guest of her parents, Mr. and Mrs. R. W. Faulkner.

Mrs. Chapman, who received her Master's degree in art at Penn State, is a graduate of the University of Nebraska and a member of Kappa Kappa Gámma.

Although residing in New York since her marriage this spring, Mrs. Chapman plans to work toward her doctorate in art.

There's Interesting News This Morning

—there's a clear cut emphasis is on guests this morning—Some of them have just arrived—others will be arriving within a few weeks—and there are those who have come and gone.

Since news is considered to be news before it happens, let us be the first to tell you that Col. and Mrs. Thomas Wells and their son and daughter, Judd and Maury, will be sailing on July 15 for the States.

Col. and Mrs. Wells and their family have been residing in Paris, where Col. Wells has been stationed, but right now they are taking a last look at Europe before sailing homeward.

It is expected that Col. Wells will go first to Washington D.C., and the exact date of their arrival in Lincoln is not known as yet. When they do come, however, they will be the guests of Mrs. Wells' mother, Mrs. Arch Bunting.

* * *

—a most interesting guest who already is in town is Isabella Taves who is exceedingly well known in the literary field. In private life Miss Taves is Mrs. Daniel Mich — wife of Look's editor, and in addition to the many many articles she has done for top bracket magazines, she also co-authored "The Three Lives of Harriet Hubbard Ayer", which was published several years ago.

During her stay in Lincoln Miss Taves will be the guest of her mother, Mrs. C. W. Taves.

* * *

—then we heard that Mrs. Paul Fitzgerald and her niece, Miss Elizabeth Hayes, left on Thursday morning to return to Denver after a brief stay in Lincoln—the guests of Mrs. L. R. Doyle.

—and leaving on Saturday morning will be Mrs. John Folsom and her son, Johnny, of Muskegon, Mich., who have been spending the past three weeks as the guests of Mrs. Folsom's parents, Dr. and Mrs. Ralph Ludwick.

* * *

—just heard that Mr. and Mrs. Lawrence Enersen have house guests — Mrs. Enersen's sister, Mrs. Vail Drouet and her daughters, Jeannine and Martha Lee, arrived on Wednesday from Wellesley, Mass., to spend a week in Lincoln.

* * *

—there's a new address coming up one of these days—We learned this morning that Dr. and Mrs. Paul Maxwell have purchased the home of Mr. and Mrs. Lee Chapin at 2550 Stockwell—Moving day for the Maxwell family is as yet indefinite.

* * *

—hear that Dr. and Mrs. Mrs. Quentin Q. Quay and their children, Tom, Jo, Kathy and Patty, will be off to Lake Okoboji tomorrow. Dr. and Mrs. Quay and their family will spend a 10 days vacation at the lake where the younger generation will have guests—Linda Crocker and Dave London.

NEWS OF JULY BRIDES-ELECT

A popular July bride-elect is Miss Rhoda Jane Klute who will become the bride of William Joseph Skokan at an evening ceremony to be solemnized at St. John's Lutheran Church in Seward on Saturday, July 5.

Miss Klute has chosen Mrs. Wayne Klute of Oklahoma City, Okla., as her matron of honor, and the bridesmaid will be Miss Nancy Fairhall of Omaha. Miss Janet Bettenhausen will be the flower girl.

Wayne Klute of Oklahoma City, Okla., will serve Mr. Skokan as best man and seating the guests will be Fred Vondra of Bee; Rudy Stehl of Scribner and Ray Pollak of Seward. Mr. Stehl and Mr. Pollak also will light the candles for the 7:30 o'clock service.

Entertaining at an informal party on Tuesday, July 1, for the bride-to-be will be Mrs. Wayne Klute who will be hostess at the home of her mother, Mrs. Gladys Temple. A miscellaneous shower will be presented to Miss Klute during the festivities. Twelve guests have been invited to the affair.

Miss Klute was the guest of honor at the home of Mrs. C. H. Meyer on Friday evening, June 13, when Mrs. Meyer, Mrs. J. V. Fairhall and her daughter, Miss Nancy Fairhall, were co-hostesses at a dessert supper for 12 guests. The bride-elect was presented with a miscellaneous shower during the evening.

The X-ray personnel at Bryan Memorial Hospital and the Lincoln Clinic honored Miss Klute at a dinner party on Wednesday evening, June 25, when they entertained at Tony and Luigi's restaurant.

The wedding of Miss Sandra Sue Dudley and Gary Cleckner will take place on July 5. This morning, the bride-elect is announcing plans for the ceremony, which will be solemnized at 8 o'clock in the evening at Grace Methodist Church.

The maid of honor will be Miss Julie Dalling, and the bridesmatrons will be Mrs. Rolland Dudley, Mrs. Marvin Dudley and Mrs. Martin Meyer. Miss Karin Dudley and Miss Diane Dudley will light the candles, and the flower girls will be Miss Susan Dudey and Miss Nancy Dudley, all nieces of the bride-to-be.

Ron Jackson will serve Mr. Cleckner as best man, and seating the guests will be Rolland Dudley and Marvin Dudley, brothers of Miss Dudley, and Martin Meyer.

Cynthia Dudley and Edward Dudley, niece and nephew of the bride-elect, will carry the rings.

The prospective bride was honored recently at a dessert supper and miscellaneous shower for which Mrs. Leo Tharnish was hostess at her home. Assisting hostesses were Mrs. Larry Tharnish and Mrs. Richard Gloor.

Miss Mary Walt honored Miss Dudley at her home when she entertained 20 guests at a kitchen shower and informal evening.

And a miscellaneous shower recently honored Miss Dudley when Mrs. Edward H. Dudley, Mrs. Marvin Dudley and Mrs. Rolland Dudley were co-hostesses.

A Bride Of Mid-June

MRS. FORREST L. POSKA

Candles and arrangements of American Beauty roses and pink carnations formed a background for the wedding of Miss Shirley Ann Veta, daughter of Mr. and Mrs. Maurice Veta of Torrington, Wyo., and Forrest L. Poska, son of Mr. and Mrs. Charles Poska of Lincoln which took place on Sunday, June 15, at the Mt. Sinai Synagogue in Torrington. The service was solemnized by Rabbi Boris Rakovsky, assisted by the Rev. Mr. Gillman. Mrs. Clyde Ross played the wedding music.

The attendants, Mrs. Charlotte Roth of El Paso, Tex., the matron of honor; and bridesmaids Miss Jan Nisker of Norfolk; Miss Carole Frank of Omaha, and Miss Suzanne Lane of Long Beach, Calif., appeared in costumes of pink taffeta and marquisette. Taffeta fashioned the titted bodies of he princess mode frocks, and the skirts of marquisette over taffeta, flared to extreme fullness. Anita Roth was the flower girl, and William Roth carried the ring.

The best man, Marvin Breslow, and ushers Seymour Schrier, Bernard Turkel and Bernard Sax, all were from Lincoln.

For her wedding the bride chose a gown of Chantilly lace and chiffon. The long-sleeved, fitted bodice of lace, designed with a sabrina neckline, was smoothly sculptured above the voluminous skirt which had an overdrape of shirred chiffon. A back panel of lace dotted with sequins, extended into a whisper train. A jewel encrusted calot held to the head her illusion veil, and she carried white orchids and white roses on a white Bible.

Following a dinner-dance reception Mr. Poska and his bride left for Oak Ridge, Tenn., where they will reside.

Mrs. Poska is a former student at the University of Nebraska where she is a member of Sigma Delta Tau sorority. Mr. Poska, a graduate of the University of Nebraska College of Chemical Engineering, is a member of Sigma Alpha Mu fraternity and Sigma Xi.

A Moment to Relax

The national convention of Delta Gamma sororoity, held at the Americana Hotel, Miami Beach, Fla., has just closed its doors, and we're guessing that Mrs. James Stuart, delegate from Lincoln's alumnae chapter, and her daughter, Miss Kit Stuart, already are on their way to Longville, Minn., and the Stuarts' summer home.

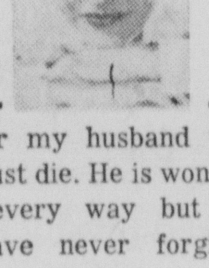
The attractive Miss Stuart, of course, just went along for the fun. She will be a senior at Southeast High next year.

The convention was held from June 19 through June 25, and others attending from Lincoln included Miss Jan Turner, delegate from the active chapter, and Miss Sharon Quinn.

Dear Abby . . .

Why Be Embarrassed?

Abigail Van Buren



DEAR ABBY: we plan to take our eleven-year-old daughter on a trip this summer. She still sleeps with a very ragged, ugly and faded doll she's had since she was in the cradle. I've tried to break her of this habit, but she insists on taking this ragged doll on the trip and I am afraid she will be laughed at by our relatives whom we are visiting. In the first place, she's too old for a doll and in the second place, this one is in disgraceful condition. What is your opinion?

EMBARRASSED

DEAR EMBARRASSED: If your daughter loves the ragged doll, let her take it no matter how faded and tattered it is. As long as she WANTS it — she NEEDS it, and you have no reason to be embarrassed. Older girls (and some boys) sleep with dolls.

☆ ☆ ☆

DEAR ABBY: I used to like a boy and he likes me. I don't like him any more, I like my girlfriend's boyfriend better, and he likes me better than he likes his girlfriend. My girlfriend still likes her boyfriend. I don't want to hurt my old boyfriend and I don't want to lose my girlfriend, but how can I get my girlfriend's boyfriend without hurting anybody's feelings?

JULIE

DEAR JULIE: A girl can't help it if her girlfriend's boyfriend likes her better than he likes his girlfriend. Be sure to let Him do all the chasing and you'll have no apologies to make.

☆ ☆ ☆

DEAR ABBY: Tell the lady whose husband didn't like her pies, I'd be happy to change places with her. My husband LOVES my pies, but he doesn't care for ME. After 24 years of being a devoted wife and mother he tells me he doesn't care for the refined lady-like type. He likes the well-built cheap kind better. Is it my fault that my mother brought me up to be a lady? What have they got that I haven't got?

TOO LADY-LIKE

DEAR LADY: They haven't got anything you haven't got. only it's distributed differently. YOUR kind is for marrying—the other kind is for looking.

☆ ☆ ☆

DEAR ABBY: I feel so sorry for my husband that I could just die. He is wonderful in every way but his folks have never forgiven him for marrying me (he gave up his religion) and they treat us like dogs. He cries to me and it kills me to see a man cry. We have been married for two years and his folks have never come to see us. He wants to make up because he heard his mother is very sick. Can you advise me?

TREATED LIKE DOGS

DEAR T. L. D.: Encourage your husband to go to see his parents. If they still refuse to accept him—well, at least he tried.

☆ ☆ ☆

DEAR ABBY: Sure roared over that sappy lady who got mad because her husband called her "Babe" and "Doll." She should hear what MY husband calls me sometimes.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

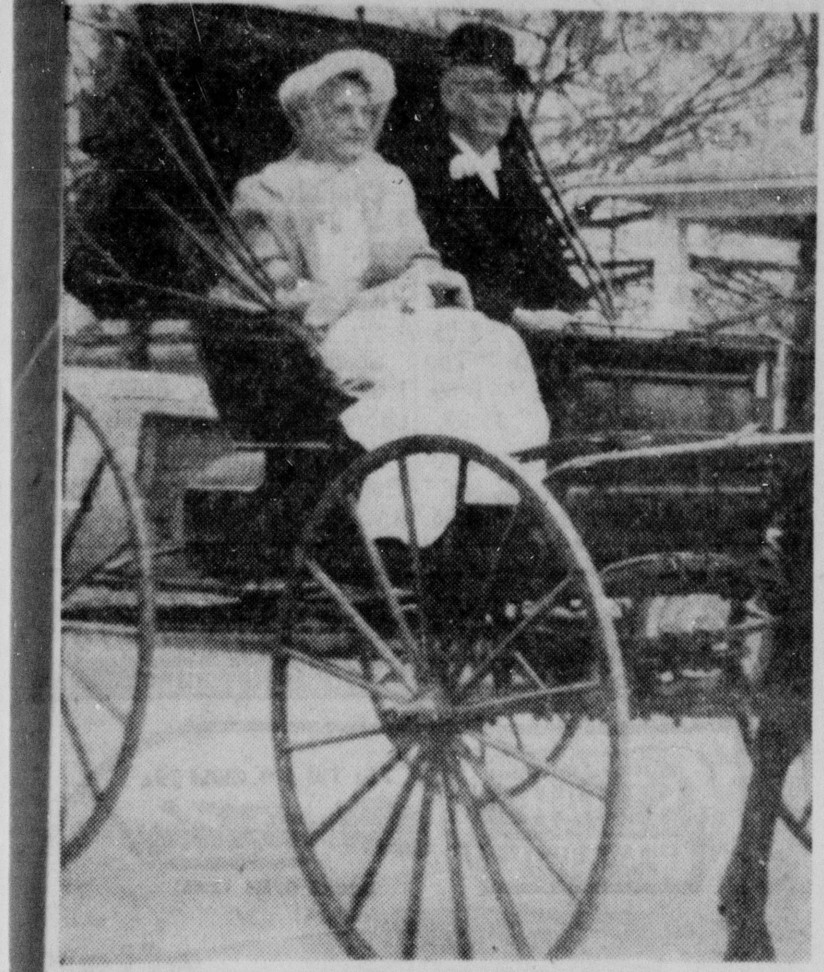
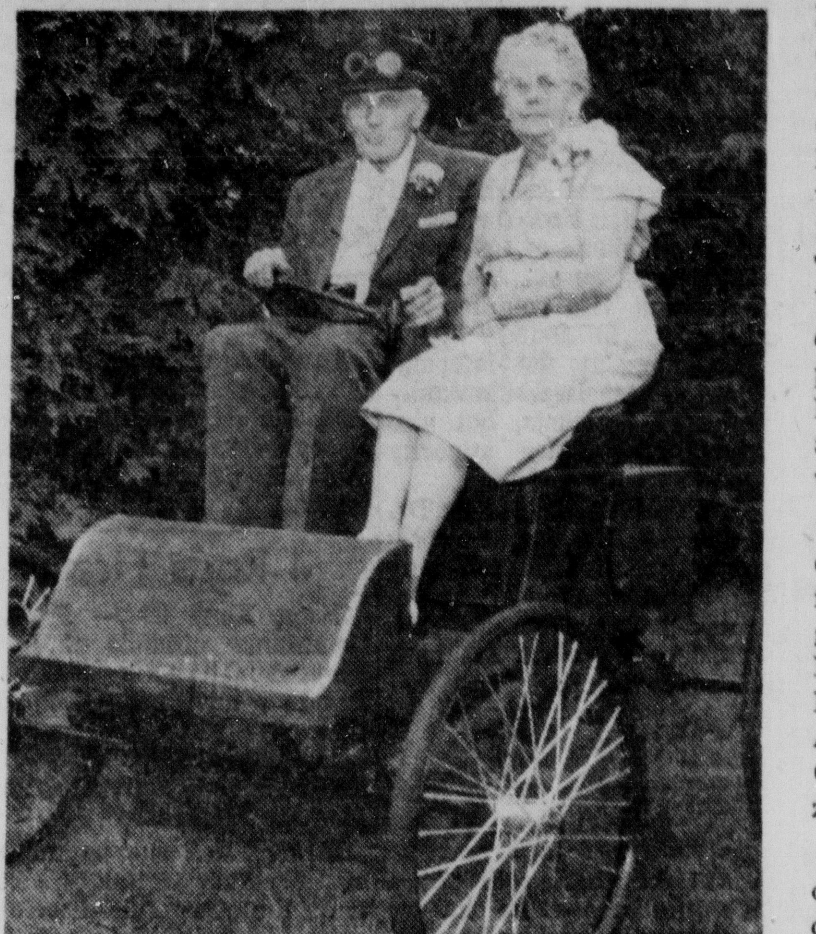
Off To The Wedding--50 Years Ago



MR. AND MRS. DAVID FRAZER



MR. AND MRS. R. E. CECIL

Fifty years ago the horse and buggy still was the popular and perhaps safest mode of transportation, and the horseless carriage, a brand new gadget, was given a dubious eye. The automobile was a pretty expensive apparatus, too, unless you could put one together yourself as did R. E. Cecil who piloted his vehicle to and from Tecumseh to woo and win Miss Edith Derr.

David Fraser didn't have far to go while he was courting June Doyle. The young lady of his choice resided in his own home town, Utica. The horse and buggy, however played quite a part in the courtship, and it took them from their wedding, which took place at the home of the bride's uncle and aunt, Mr. and Mrs. W. M. Doyle of Utica, to their own home.

On April 22, 1958, Mr. and Mrs. Fraser celebrated their 50th wedding anniversary, and dressed just as they were 50 years ago to the day, they drove to the golden wedding reception.

Mr. and Mrs. Fraser are the parents of Dr. Maurice Fraser of Lincoln.

Mr. Cecil, who was a tool and die maker at Cushman Motor Co., made his car which still is in good running condition. Mrs. Cecil's duster has passed into oblivion, but Mr. Cecil, as you can see, had his goggles among his souvenirs.

The Star In Suburbia

SOUTH HILLS

In courtesy to a number of her neighbors Mrs. Roy Lofton was hostess at her home on Thursday evening. The event was a buffet supper at which the guests were Mrs. Dale Jones, Mrs. George Pearce, Mrs. Lyle Weishahn, Mrs. Gerald Smith and Mrs. Harold Kubic.

And someone told us that Mr. and Mrs. George Pearce and their daughter, Tracy Ann, have house guests at the moment. Coming to the suburb last Saturday for a two-week visit were Mr. Pearce's brother and sister-in-law, Mr. and Mrs. Floyd W. Smith who reside in Newark, N.J.

Then we learned that Mrs. Carter Hart, Jr., was the guest of honor at her home last Tuesday evening when she was complimented at a surprise farewell party given by Mrs. Robert A. Stall, Jr., and Mrs. Gerald Watson. Included among the guests were Mrs. John Rogers, Mrs. Richard Carter, Mrs. Dick Lemmon, Mrs. Glen Lally and Mrs. Bob Kenney. Mrs. Hart was presented a gift during the evening's festivities.

Incidentally, Mr. and Mrs. Hart — with their children, Carter, Jimmy and Cooper—will be leaving sometime in July for Wichita, Kan., where they will reside.

KESSLER HEIGHTS

We extend a hearty welcome this morning to Mr. and Mrs. Robert C. Newell and their two daughters, Barbara and Judy, who recently settled in their new suburb home at 4120 Fiene Rd. The family foursome formerly resided in the Park Manor suburb area.

June vacation trips seem to be popular with our Kessler Heights friends. Heard, for instance, that Mr. and Mrs. Dale Adams and their son, Joe, are spending two weeks in California. The Adams family will be visiting several relatives during their vacation.

And off to California last week went Mr. and Mrs. Ed Becker who will be gone from the suburb for about eight days.

Skipping now to the younger generation — and camping news—we learn that a feminine threesome is having a gay time at the Covenant Bible Camp in Manson, Ia., this week. The young ladies, Miss Mary Lynn, Miss Linda Zimmerman and Miss Linda Swanson, will be accompanied home this week end by Mr. and Mrs. A. J. Lynn.

Attend Convention

Delta Zeta sorority will hold its 25th biennial national convention at the Sheraton Hotel in Chicago, Ill., on Sunday, June 29, through July 4. Mrs. A. Clifford Anderson, who is director of Province 13, college director for Beta Tau Chapter at Nebraska Wesleyan, and social director of the Lincoln General Hospital School of Nursing, will leave on Friday morning to attend the pre-convention workshop.

Arriving in Chicago on Sunday will be representatives from the Lincoln alumnae group who will include Mrs. Robert Finley, president; Mrs. Harry W. Knight, Mrs. Aubrey Forrest, Mrs. M. P. Clifford and Miss Edna Zamzow.

Delegates from the active chapter are Miss Wilma Vodehnal of North Loop, chapter president; Miss Elaine Wittig of Sidney and Miss Virginia Davis of Cozad.

$2,500 Study Of Negro Problems Requested

The Mayor's Council On Human Relations recommended Thursday that a survey costing about $2,500 be made of Negro housing and employment in Lincoln.

The proposed survey would be supervised and evaluated by staff members of the University of Nebraska department of sociology and graduate school of social work.

Mayor Bennett Martin has said no city funds are available for the survey, but indicated he would spearhead efforts to obtain the financing from private sources.

Dr. White

Dr. Watkins

The subcommittee report said the proposed survey would cover these items:

1. A study of housing conditions within a specified area in co-operation with the Malone Community Center.

2. Availability of mortgage loans and real estate services to Negros and minority groups.

3. Negro employment with survey data obtained from employers and other sources.

Dr. C. Vin White, subcommittee chairman, reported the proposed survey would be made by 2 well-qualified graduate students and would be supervised and evaluated by University staff members.

While the study would have its limitations, the Council was told, it would "furnish the most complete information and study of the situation that has yet been obtained."

The subcommittee reported that the survey could be enlarged without additional cost to obtain data on mortgage loans and employment of other minority groups in the community.

Dr. Leroy Laase, committee member, said that the proposed survey "is basic and important and should give the accurate and complete information that the Council should have in its work."

In connection with the survey, Dr. Laase said he has been given the information that in a 16-block area (19th to 23rd and Vine to R) there are 302 dwellings housing about 600 families.

Vacant Lots

Under current building and zoning restrictions, the maximum number of dwelling should only be 192, he said. "The area also contains vacant lots," he added.

According to the information, the area is predominately Negro residents, but also includes other minority groups.

The Council, headed by Dr. Steven N. Watkins, was recently reactivated following the arson fire on a Negro-occupied home at 4210 No. 60th. The case has not been solved so far.

South Viet Nam Denies Cambodia Invasion Charge

Saigon, Viet Nam (UPI)—South Viet Nam Thursday denied Cambodian charges that Viet Nam "invaded" Cambodia a goverment statement said the charges was "purely imaginary."

The official government news agency said that by making the accusation the Cambodian government had "consciously or unconsciously played into the hands of the Communists."

Both the government statement and the news agency said that in fact Cambodia had committed or permitted repeated violations of Viet Nam's border in recent months.

The Viet Namese statement appeared to leave the situation at an impasse. A dispatch from Pnom Penh, capital of Cambodia, said Cambodian troops were moving toward the Vietnamese border to intercept troops from that country.

New Trial

Fribourg, Switzerland (UPI)—Marcel Peiry, 26, who was sentenced to 5 years in prison for theft, will get a new trial because he charged one of the judges at his first trial slept through the proceedings and was not qualified to pronounce a verdict.

FEAR 30 ARE DEAD IN AFRICA TRAIN PILEUP

Johannesburg, South Africa (AP)—Five passenger cars were smashed Thursday night in a train derailment outside Johannesburg, killing perhaps as many as 30 persons.

Red Cross emergency units, doctors and nurses rushed to the scene at New Canada Junction, 9 miles from Johannesburg.

Two hours after the crash the South African Railways said 7 persons died. Rescue crews estimated, however, that 30 persons had been killed.

4 Reds Fired

Hong Kong (AP) — Four Communist officials of far western China's Sinkiang Province have been fired for trying to seize the party leadership and for anti-party and rebellious activities, Peiping Radio reported.

It identified one as mayor of Urumchi, capital of Sinkiang, the other 3 as directors of the Cultural and Civil Affairs Departments and the vice-director of the Trade Department.

Air Pact OKd

Paris (AP) — French and Russian officials signed an agreement for direct aerial connection between Paris and Moscow by the Soviet Airline and Air France. Details were not available.

Efforts Fail In Setting Debate Limit On Alaska Statehood Bill

. . . Senate Vote Still Not In Sight

Washington (AP)—Efforts to set a limit on Senate debate on the Alaska statehood bill collapsed amid charges and counter-charges of delaying tactics and gag rule.

The Senate finally called a halt to a third day of debate on the House-passed measure shortly after Sen. Strom Thurmond (D-SC), passed the 2-hour mark in a speech opposing the bill.

Thurmond earlier had blocked a unanimous consent request of acting majority leader Mike Mansfield (D-Mont) to limit debate and start voting on the bill next Monday.

Thurmond denied he was filibustering against the bill. So did Sen. James O. Eastland (D-Miss), another leading opponent of the legislation.

'Gag Rule'

Mansfield, in proposing the debate limitation, said he hoped to bring about a "mitigation in the delaying tactics," but Eastland said he was amazed that senators would try to impose "gag rule" after only 3 days of debate.

Before the Senate recessed, Mansfield had advised the Senate that there was a fair prospect the Senate would be in session all night.

However, after a consultation with Eastland and Thurmond, he moved that the Senate recess until Friday.

Mansfield told reporters he did not know when the voting stage would be reached, but he said that he planned another night session of the Senate Friday and a session on Saturday.

Debate Limit

A principal backer of statehood, Sen. Henry M. Jackson (D-Wash) had said in advance he didn't expect success for the effort to limit debate.

Jackson and Sen. Thomas H. Kuchel (R-Calif), co-managers of the bill on the Senate floor, agreed the House-passed bill eventually will pass the Senate without change.

"It's just a matter of time," they said.

Opponents of statehood in both parties monopolized the Senate floor during the day, often with only one or 2 colleagues in attendance.

The Farm outlook is important. Complete coverage of crop forecasts and price supports appear in this Newspaper as change take place.

Educator To Discuss Red Schools Here

A first-hand report on education in the Soviet Union will be given next week at the University of Nebraska by Dr. George Z. F. Bereday of Columbia University who recently returned from an official 2-month visit in Russia.

Dr. Bereday

The Polish-born educator was a member of the 5-man commission headed by Lawrence Derthick, U.S. commissioner of education, which made the study of the Soviet system.

Dr. Bereday will speak at 2 p.m., next Monday, in Love Library auditorium and conduct 8 public seminars next Monday through Thursday at 11 a.m. and 1 p.m., Room 415, Administration Hall.

Those planning to attend the seminar should contact the office of Dr. Walter Beggs at the University.

Dr. Bereday, at present associate professor of education at Columbia University, is editor of the Comparative Education Review and joint editor of the Yearbook of Education. His field of specialization has been comparative education especially in the Soviet Union and in England.

His previous positions include an executive post in the British Ministry of Education, a research post at the Russian Research Center at Harvard and teaching posts at Boston College and the University of Delaware.

He was a member of the British Parachute Regiment during World War II and served as battalion commander at the Battle of Arnhem, Holland in 1944. He was decorated with the Virtuti Militari, Poland's highest military decoration.

He became an American citizen in 1955.

ALL-STATERS REHEARSE PLAY

These 4 All-Staters rehearse a scene from a play dealing with movie-making in the 1930's, "Once in a Lifetime," to be presented Friday at Howell Memorial Theatre. Pictured are (left to right, standing) Joyce Weir of Hartington, Bob Sutphen of Omaha and Gordon Trousdale of Bassett; (seated) Jane Cumming of Lincoln. The play begins at 7:30 p.m. and is open to the public.

Denver Driver Cleared In Auto Fatality

. . . Of Omahan

Central City, Neb. (UPI)—A 6 man coroner's jury Thursday cleared a Denver truck driver of any willful negligence in connection with the death Wednesday of Air Force S. Sgt. Clarence White, Omaha.

White was killed when a car he was driving collided almost headon with a truck driven by Andy Lewis Price Jr., 36, Denver.

White, who was stationed at Offutt Air Force Base near Omaha, was on his way to Grand Island to pick up his wife, who had been visiting her sick father.

The couple had 3 children, aged 2, 1 and 8 weeks.

Explosion Rips Metal Building; Welder Injured

Omaha (AP)—Harold E. Roth, 33, employe of the Transport Repair Service, suffered a head cut and face scratches Thursday when an explosion ripped holes in a sheet metal building.

Roth was welding steel ends on a liquid fertilizer trailer and had just left his equipment at the time of the blast that buckled sheets of the building's metal siding.

113 Said Killed

Algiers (AP)—French officials claimed that 113 Nationalist rebels were killed and 52 taken prisoner in a series of skirmishes.

Some actions were continuing and the toll may rise, they said.

$300 Lutheran Scholarship Goes To Martin Koolen

Martin F. Koolen, son of Mr. and Mrs. Martin L. Koolen of 1303 A, has been awarded a $300 scholarship by the Lutheran Brotherhood Insurance Society.

Koolen, who is attending Midland College at Fremont, was one of 44 students in the United States receiving an award from the brotherhood for students at Lutheran 4-year colleges.

Center Started

Chicago (UPI) — Groundbreaking ceremonies were held for a fuels technology center, a 10-million dollar facility for processing nuclear-age metals, at Argonne National Laboratory in suburban Lemont.

Funds for the 220,000 square-foot plant were allocated by the Atomic Energy Commission.

150 Oklahoma Families Flee Flood Waters

Guthrie, Okla. (AP)—More than 150 families are without homes because of flood water in and near this north-central Oklahoma city.

Red Cross disaster teams and firemen evacuated stranded persons. Cottonwood Creek, which runs into the Cimarron River north of Guthrie, overflowed from heavy rain in its watershed.

Fire Chief Melvin Daniels said the flood was the worst since 1949 and that it caught everyone by surprise. No injuries or fatalities were reported. The Red Cross estimated the number of homeless families.

Both the creek and river began receding late Thursday and the weatherman said there was little chance of rain in the near future.

Some highways in the area were flooded.

FINALLY

Manitowoc, Wis. (AP) — Once the Mathew Wagner family got past that No. 13, they were all right: Child No. 14 is a girl.

Little Mary Anne was born to Mrs. Wagner, who during the past 18 years has presented her husband with 13 sons. The new arrival weighs 10 pounds 6¼ ounces.

The Wagners have a 38 acre dairy farm near here.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you. DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L D A A X B
is L O N G F E L L O W

One letter simply stands for another, in this example, A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Tribe Fires Bragan; Hires Joe Gordon

. . . Manager Swap Made In Hopes Ex-AL Star Will Provide 'More Mature' Leadership

Cleveland (AP) — The Cleveland Indians fired Bobby Bragan as manager Thursday night and hired Joe Gordon, former Indian and New York Yankee second baseman and now an insurance salesman in Sacramento, Calif.

"We are making this change with the hope that there will be a general improvement in the club," General Manager Frank Lane said. The Indians lost to the Boston Red Sox 2-1 Thursday and are now 12 games behind the New York Yankees and tied with Baltimore for seventh in the American League.

The 43-year-old Gordon has been hired for the remainder of this season and all of next, Lane said.

Lane said he made the decision to fire Bragan because he felt "Bobby wasn't getting out of the club what he might have gotten despite injuries to key men." Most important among the injuries has been arm trouble for Herb Score, the Indians' southpaw strikeout king, and an ankle fracture that has kept first baseman Vic Wertz, most valuable Indian of 1957, sidelined since spring training.

Bragan took the decision well, Lane said, and was "possibly less shocked than I was."

This is the first time since 1935 when Walter P. Johnson and Steve O'Neill shared the field chief's job that the Indians have changed managers during the season. Lane said it was "no overnight decision" to cut Bragan adrift and was not "the result of any big things, but a succession of little things."

"After all, if you have a sales manager and he isn't making the sales, you get rid of him and get somebody else," Lane said.

Gordon, a member of the Indians' 1948 world championship team, played second base for the New York Yankees and Cleveland during his 1938-50 career in the American League. In 1951 he was a player-manager for Sacramento in the Pacific Coast League. After two seasons there he became West Coast scout for the Detroit Tigers and in 1956 was with the Tigers as coach.

Last year Gordon piloted San Francisco to a Pacific Coast League championship.

The combine of Brash Bobby and Frantic Frankie (The Trader) Lane has kept Cleveland players coming and going this year at a rate that would make a revolving door come in handy for the wigwam. Of 35 players on the Tribe's active list last December, only 11 are still with the team.

Confronted with an infield problem, Bragan juggled and juggled, using as many as nine different players at third base. But the Indians couldn't seem to find the key to unlock the door to a lineup that could win more than four games in a row and stay above the .500 mark.

Bragan was not at tonight's news conference to speak for himself and could not be reached immediately.

Lane said he hoped Gordon, as a "more mature" type of manager could "bring order out of chaos."

"I guess it's going to be rough on me for a while back there," commented Joe Gordon in Sacramento after he was named new manager of the Cleveland Indians.

Gordon returns to manage the team where he started as second baseman until his retirement in 1950. He will be handling a few of his former teammates—Bob Avila, Larry Doby, Mickey Vernon and Bob Lemon.

"I'm pretty much familiar with the club," he said, "and I think its a pretty good team. They've been having a little pitching trouble."

He said he won't change any of the coaches—Red Kress, Ed Stanky and Mel Harder.

"I know them all. They're all good men and good hustlers."

Gordon has lived here since 1951 when he was named manager of the Sacramento Solons of the Pacific Coast League. In 1953 he went to the Detroit Tigers as scout and later coach, but he quit in mid-season in 1956 to manage the San Francisco Seals.

Last year his Seals won the Pacific Coast League pennant, but Gordon wouldn't go with the team to Minneapolis when the New York Giants moved into the Bay city.

Veterans Bid For Golf Title

Hyland, Schwartzkopf Paired In City Finals

By Ron Speer

Two seasoned campaigners tee off at 8 a.m. today at Pioneers bidding for the 1958 Women's City Golf Championship.

Jean Hyland, defending champ playing for her fifth title, is one of the veterans. She ousted Phyllis Williamson with surprising ease, 4 and 3, in the semifinals Thursday.

Dorothy Schwartzkopf will be Mrs. Hyland's opponent. Mrs. Schwartzkopf also had little trouble knocking off her Thursday foe, Thelma Woods, by a 4 and 3 margin.

Mrs. Hyland, a LCC player, and Mrs. Schwartzkopf of Hillcrest have met before. Mrs. Hyland won the state women's crown last summer by defeating Mrs. Schwartzkopf on her home course.

For nine holes the Williamson-Hyland match lived up to predictions that it would be the top match of the tournament.

Mrs. Hyland held but a one-hole advantage at the turn, but quickly routed Miss Williamson by winning the next three holes, holding a four-hole margin at the end of 12 holes.

The players halved the next three holes and the match was over.

In flight competition today Peg Anderson and Betty Abel battle for first flight honors; Mike Holmes and Dorothea Gore are paired in the second flight finals and B. Jo Stiner and Marge Inderbitzen meet in the third flight windup.

The Ostiguy family cleaned up in the finals of the junior tournament Thursday. Carol Ostiguy defeated Sharon Shields 3 and 2 for the first flight title, and Jeri Ostiguy nipped twin sister Judy 1 up on the 11th for the second flight crown.

Stevie Dort won the third flight of the junior division by edging Dorrie O'Brian 1 up.

Chiefs Drop 7-5 Tilt To Sioux City

By Don Bryant

Lincoln ran into more tough luck Thursday night in the homestand finale, dropping a 7-5 decision to the Sioux City Soos at Sherman Field.

The Chiefs' ace lefty, Dick Lines, had a 4-2 lead and a 4-hitter working in the 6th inning, but with 2 out he came up with a sore arm.

Easy Ed Bauta was rushed on the scene and absorbed his 2nd loss when the Soos tallied a pair of runs in the 9th inning.

It was Lincoln's 9th loss of the 13-game stay at Sherman Field. Taking stock of the Chiefs' situation at the moment, the picture looks like this:

During the long home stand, the Chiefs managed to stay in 3rd but dropped from 2½ games off the pace to 6½ games out.

Hampered by bad weather and inability to win more than 4 games, attendance skidded from some 2,000 ahead of the 1957 pace to some 9,000 behind last year.

Lincoln now hits the Eastern trail, returning to Sherman Field on July 5. The Chiefs depart a mere half-game ahead of 4th place Sioux City, a 2½ game loss since the home stand opened on June 13.

Thursday night the Soos snapped a 5-5 tie in the 9th to sew up the series clincher. Wally Fassler's double was the big blow in the 2-run frame.

Lincoln had tied it in the 8th after seeing its 4-2 lead disintegrate in the Soo portion of the frame. A walk by Bauta and back-to-back doubles by Bob Rikard and Danny Lynk and a single made it 5-4.

The Chiefs pulled out 3-0 in the third and after Rocky Tedesco and Lynk had homered in the 4th off Lines, they added a single tally in the home 4th.

Lincoln's 8th inning run came without a hit. Jim Hemric, who picked up the win in relief of Mal Murphy, issued a pair of walks and hit Buddy Pritchard in the head to load the sacks. Then he wild-pitched in the tying run.

Chief Bennie Malcolm tried to steal home a minute later, but was cut down at the plate. That was the Chiefs' final threat.

Smoke Signals . . . Attendance was 625, bringing the home stand total to 9,986, an average of only 768 . . . The Chiefs have a doubleheader at Des Moines Friday. Olaf Nelson and either Dave Wickersham or Malcolm are slated for mound duty .

By Don Bryant

Sports Editor, The Star

Some of you baseball Oldtimers now have a chance to exercise your memories.

Anyone remember Lou Barbour? The older set no doubt will recall him, but for the younger generation it should be noted that Lou played for Lincoln in the old Western League.

Barbour recently figured in a human interest baseball yarn at San Antonio, Tex., and he dropped me a note, along with a clipping:

In 1912-13 with Lincoln and 1914 with Denver, the writer was a player at 3rd base in the Western League and in 1913 was drafted by the Chicago White Sox from Lincoln," Lou notes.

"I knew wour former sports editor (Cy) Sherman when I played there . . . . I have been asked to distribute this article around where it may be used to let the many ball players know about the Association of Professional Baseball Players. (It's) something no ball player should be without . . . .

"I am a life member but I am one old ball player who will need no help. But others are not so fortunate . . . . Maybe old Lincoln friends would like to know that I am well, strong and with no old age worries."

Barbour is interested in spreading the gospel of the players' association, skippered by colorful, 83-year-old Win Clark. Clark is a baseball institution and a lobby fixture at every national convention, greeting old friends, making new ones and reliving the many thrills of past years.

Clark has something in common with the San Antonio story which Barbour started. Lou recently moved to San Antonio after putting in many years with the White Sox as a player and then traveling secretary. Then he went into the bowling business with Ray Schalk, another Chicago great, and later moved into the insurance field.

After getting settled in San Antonio, Barbour launched a search for Jake Volz, a star pitcher at the turn of the century and one of Lou's early idols. Volz, 80, was discovered, living with his wife and sister—a legless invalid with only a Social Security check between him and the poor house.

Barbour took over. He contacted Clark, who is also legless, and within a week the Players Association had supplied Volz with a wheel chair and he was sitting up for the first time in 2 years.

While Barbour made frequent visits, Clark arranged for a generous pension and reminisced with Volz via mail.

There's another ironic twist to this story. While both of the baseball Oldtimers are now legless, they also played together 56 years ago. Clark was Volz' manager in 1902 when Volz played at Manchester, N.H. for the New England League champions.

So with the help of an ex-Lincoln player and a former manager another Oldtimer has been aided by the Players' Association.

It might be of interest to note that the organization's roster of officials lists some of the game's greats. Clarence H. Rowland is president. Vice presidents are Jimmy Dykes, Lefty O'Doul and Freddie Hutchinson; Hollis Thurston is treasurer; directors are Lou Boudreau, Paul Richards, Casey Stengel, Mel Ott, Marty Marion, Birdie Tebbetts, Joe Gordon, Al Lopez, Bobby Feller, J. G. Taylor Spink of the Sporting News and Cal Griffith, president of the Washington Senators.

Thanks to the Players Association and fellows like Win Clark and Lou Barbour, baseball players may pass from the spotlight but they aren't forgotten.

12th Inning Triumph Is A's 6th Straight

Kansas City (AP)—Hector Lopez's third home run of the night in the twelfth inning gave the Athletics an 8-6 victory over Washington and their first six game wining streak since moving to Kansas City.

It was a sensational climax to the little second baseman's biggest game of the year. He had only four home runs to his credit up to the game and each of the three he clouted were vital. The first gave the A's a fourth inning lead, the second drove in two runs in the eighth to help overcome a four run deficit and send the game into extra innings.

The victory went to veteran knuckleballer Murry Dickson, the A's fourth pitcher of the night, who came on in the ninth and held the Senators to one hit for three innings. The defeat was charged to Washington reliever Vito Valentinetti.

Roy Sievers hit his 14th and 15th homers of the year for Washington.

Bob Cerv's double in the first after singles by Bill Tuttle and Preston Ward gave the A's a 1-run lead that was tied in the fourth by Sievers' first homer. Lopez untied it in the same inning with his first circuit blow of the game.

Drysdale Hits, Hurls Bums Past Braves

Milwaukee (AP)—Don Drysdale socked his first homer of the year and tamed the Braves on eight hits Thursday night as the last place Los Angeles Dodgers took a 4-1 victory that trimmed Milwaukee's hold on first place in the National League to a game and a half.

Rain delayed the start of the game an hour and 27 minutes, but once the Dodgers got to bat they scored a run in each of the first three innings to hand the world champion Braves their second straight defeat.

Milwaukee's lead was sliced a full game when St. Louis and San Francisco both posted victories. The Cards are second and Giants only percentage points behind them, but both teams trail the Braves by a game and a half.

The Braves never seriously threatened Drysdale who hit the fourth homer of his career over the left field fence in the seventh. The Dodger right-hander had able support at the plate from Charlie Neal who collected his 11th homer over the left center field fence a few innings earlier.

The victory was the fourth against eight losses for Drysdale who now has a 5-1 lifetime record over the Braves. It was only his second full game of the year as he fanned three and walked two.

The Dodgers collected eight hits off Milwaukee starter Lew Burdette and Gene Conley who finished up. Burdette is now 5-6.

The Dodgers picked Burdette for a run in the first inning on three singles, the last one Carl Furillo's bouncer to the left that scored Johnny Roseboro from second. After Neal's homer in the second, Los Angeles added a third run in the third when Duke Snider crossed the plate on a sacrifice fly by Gil Hodges.

Milwaukee's run was produced in the fourth on singles by Joe Adcock, Johnny Logan and Del Crandall. With

Cepeda's 15th Rap Gives Giants Win

Cincinnati — Orlando Cepeda's 15th homer of the season, a three-run blast in the eighth inning, provided the big punch in a four run San Francisco Giant uprising that sank Cincinnati's Redlegs Thursday night 5-1. Johnny Antonelli went all the way, doling out seven hits for the victory.

3 Pirate Bobbles Help Cards Win

Pittsburgh (AP)—The surging St. Louis Cardinals took advantage of three Pittsburgh errors Thursday and grabbed their sixth straight triumph with a 6-2 verdict over the Pirates. It was the Pirates' sixth straight loss.

An error by Bob Skinner in the seventh paved the way for three Cardinal runs and two miscues by Billy Mazeroski helped produce two more runs in the ninth. The Cards scored the other run in the eighth on a pinch triple by Irv Noren and a sacrifice fly by Don Blasingame.

Patterson-Harris Title Bout OKed

Los Angeles (AP)—The State Athletic Commission Thursday approved the heavyweight title fight between Champion Floyd Patterson and Roy Harris at Los Angeles Aug. 18.

Chief Enforcement Officer Jack Urch announced a promoter's license had been granted William Rosensohn, New York and Los Angeles television executive, to co-promote the 15-round fight at Wrigley field with the Hollywood Legion Stadium.

The controversial Aug. 18 is okay, Urch told the Rosensohn-Hollywood faction. Three commissioners voted for the blanket approval.

Urch was unable to contact the other two but said he thought the vote would be unanimous.

Rival Matchmaker George Parnassus of the Olympic Auditorium renewed his bitter objection to the date. It comes just 10 days ahead of his previously set match Aug. 28 between Carmen Basilio of New York and Art Aragon of Los Angeles.

Parnassus released a telegram he had received earlier from Basilio's Managers, John De John and Joe Netro.

It read, in part: "Unless the Commission reconsiders approval of the Patterson-Harris date so close to August 28, we may be forced, due to financial reasons, to reconsider negotiations for the scheduled bout with Aragon."

Parnassus and Olympic Promoter Cal Eaton also have a big fight set for July 25 between heavyweights Pete Rademacher and Zora Folley.

De John said he had in effect turned down a title bout in New York in September between Basilio and the new welterweight champion, Virgil Akins, to accept the money-shot with Aragon.

Fight Spices 13 Inning WL Tilt

Albuquerque (AP) — Outfielder Cliff Cook's 14th home run of the year with two mates aboard in the bottom of the 13th inning gave Albuquerque a 9-6 win over Colorado Springs in one of the wildest contests ever seen here.

Before Cook slammed Glenn Rosenbaum's pitch over the 400-foot mark on the scoreboard the 1,206 fans witnessed a battle royal involving complete team rosters of the Dukes and Sky Sox plus five policemen, the ejection of Springs hurler Ken Yoke and the varied performances of 9 pitchers and 27 players.

Optimists Win 7th

Beatrice — The Lincoln American Legion-Optimists chalked up their 7th consecutive victory of the season here Thursday night, whipping the Beatrice Legion team, 10-6, behind the 4-hit pitching of Don Burt.

Lincoln took a 2-0 lead in the 1st, but Beatrice evened it in the 3rd. A 4-run outburst in the 4th put the Optimists ahead to stay.

The Optimists play at Central City Friday night.

CAMPY SAYS NO TO JOB OFFER

New York (AP) — Roy Campanella, Los Angeles Dodger catcher, said he had declined an appointment to the New York State Athletic Commission.

Gov. Averell Harriman made the offer to the paralyzed baseball star six weeks ago during a visit to Rusk Institute, where Campanella has been hospitalized for the past 2 months.

Campanella did not make his letter public.

The 36-year-old athlete suffered a broken neck and crushed vertebrae in an automobile accident last Jan. 28. After lying on his back for three months at Glen Cove Hospital in Long Island, he was transferred to the New York Hospital. His progress has been slow but steady. He is now able to sit in a wheel chair although he still is unable to move any limbs other than his arms.

Campanella has been attending exercise classes at Rusk Institute for the past three weeks and can now lift 12-pound weights with either hand. He is expected to remain in the hospital for many more months, however.

Harshman Limits Detroit To 5 Hits

Detroit (AP)—Jack Harshman returned to winning form for the Baltimore Orioles Thursday, blanking the Detroit Tigers 2-0 with a masterful five-hitter.

The veteran lefthander won his first game since May 10. He had lost six straight decisions after opening the season with five consecutive victories.

The Orioles nicked loser Billy Hoeft for the only run they needed on a first inning walk to Gene Woodling, Dick Williams' single and Gus Triandos' sacrifice fly.

Bob Boyd drove home the other run with his second homer—a belt into the upper rightfield deck off relief pitcher Herb Moford in the sixth.

Harshman was shaky at the start, walking the leadoff Tiger in the first three innings. But he was rarely in serious trouble and didn't permit a base runner past second. His teammates helped him out of jams with double plays in the first and second innings.

Harshman was on base four straight times, reaching on two singles and two walks. He posted his second shutout.

The Orioles collected eight hits off four Tiger pitchers.

Yanks Take 2nd From Chisox 4-3

Chicago (AP)—Norm Siebern's solo homer in the seventh proved the victory margin in a 4-3 New York Yankee triumph over the Chicago White Sox Thursday before a crowd of 31,535, including 18,214 paid.

The Ladies' Day throng saw the first-place Yankees held by Dick Donovan to one hit until a four-hit spurt in the sixth produced three runs, two on a sharp single by Bill Skowron.

AMA Official Raps Children's Sports

San Francisco (UPI) — An official of the American Medical Association Thursday strongly criticized highly organized sports for children such as Little League baseball.

Dr. Fred V. Hein told the annual meeting of the AMA here that, for one thing, such activities "shut out" girls and the not-so-physically-gifted boys.

The lavishing of facilities, equipment, time and attention on the physically-gifted, according to Hein, "helps to perpetuate physical unfitness among the rest of the children."

The expert from the AMA bureau of health education, Chicago, nixed bowl games, All-Star events and "other activities that tend to force (on children) patterns of sports designed for college and professional athletes."

What is needed, he said, is a program specially tailored to the needs of "all boys and girls."

Also black-listed by Hein were night games, events far away from home, and commercial promotions which, he said, "seek to exploit youth for selfish purposes."

In another report, a Detroit, Mich., high school tennis coach said all children start out as "poor sports" and that it is up to parents and coaches, by example, to help them mature.

Dodgers Ink Hurler

Los Angeles (AP)—The Los Angeles Dodgers Thursday signed William Joseph, freshman right-hand pitcher at Muskingum College, New Concord, Ohio.

Mickey Wright Takes Lead In Women's Open Golf Meet

Detroit (AP)—Lanky Mickey Wright grabbed a one-stroke lead in the first round of the U.S. Women's Open Golf Tournament Thursday at Forrest Lake Country Club.

The long-hitting blonde from Chula Vista, Calif., battled strong winds and rugged competition and finished the first day with a 74, one over par at the hilly layout.

Miss Wright, winner of the recent Ladies' PGA championship but seldom an outstanding player in the Open, had a stroke advantage over a pair of former Open titlists, Betty Jameson of San Antonio and Louise Suggs of Sea Island, Ga., and uncrowned champion Jackie Pung.

It was Mrs. Pung who apparently had won the 1957 Open only to lose it on a scoring technicality. Betsy Rawls of Spartansburg, S.C., who was declared the winner after the Hawaiian housewife was disqualified, had a 79 Thursday.

Proposed $8,137,000 Natural Gas Rate Boost Suspended

Washington — The Power Commission Thursday suspended until Nov. 27 a proposed wholesale natural gas rate increase of about $8,137,000, or 8%, annually by Northern Natural Gas Co., Omaha.

Also suspended was a proposed annual increase of about $762,000 by Permian Basin Pipeline Co., also of Omaha and an affiliate of Northern.

The commission said it will order a hearing later.

Northern is a supplier of Central Electric & Gas Co. of Lincoln, and the Lincoln firm earlier notified its customers including the city of Lincoln that the proposed Northern increase "must necessarily be reflected in a rate adjustment to our customers."

45 Towns Served

The Lincoln Gas Company officials estimated that the Northern Natural increase would mean an $826,895 increase to Central customers. Central serves 45 communities in South Dakota and Nebraska, including Lincoln.

Central officials reaffirmed that they will intervene and protest the newest Northern Natural rate hike which is the 7th requested since 1950.

Because of the Commission's Thursday ruling Northern Natural may move to make the increased rates effective, subject to refund, on Nov. 27, unless the Commission has made a final determination by then.

33 Others

The Northern boost would affect also 33 other customers in Minnesota, Iowa, Nebraska, South Dakota and Kansas. It would be in addition to an increase of about $6,467,000 yearly which Northern put into effect Aug. 27, 1957 after prior suspension and is collecting subject to refund.

Permian delivers gas to Northern, its only customer, on a cost-of-service basis.

Northern said it needs higher rates because of increased costs and to provide a 6½% rate of return instead of the currently effective 6 per cent rate. A rate of 6¼% is claimed in the 1957 filing which is now effective subject to refund.

Erasure Of 3% Freight Tax Voted

. . . By The Senate

Washington (AP)—The Senate gave quick and easy approval Thursday to a compromise tax extension bill that would drop the 3% tax on freight.

The compromise was worked out by a Senate-House conference committee which decided against dropping the 10% tax on passenger fares for travel by train, bus, plane and ship.

It was adopted by the Senate without objection. The House delayed action until Friday.

Sen. George A. Smathers (D-Fla) said he would try again later in the session to get the passenger tax eliminated.

It was the Senate which had voted to repeal the freight and transportation taxes, which were imposed as a war measure to discourage unnecessary shipments or travel.

Revenue Needed

The administration sought to continue these and other taxes at their present rates in view of the need for revenue to run the government.

The administration asked, and was granted, continuation of the corporation income tax rate of 52%. Otherwise it would have dropped to 47 per cent next Tuesday, the beginning of the new fiscal year.

The legislation also continues these rates: 10% on new automobiles, 8% on auto parts and accessories, $4 a thousand on cigarettes, $10.50 a gallon on distilled spirits and $9 a barrel of beer. Otherwise, these rates, too, would drop next Tuesday.

In all, the corporation and excise rates which the administration sought to continue add up to $2,600,000,000 a year in annual revenue.

The government stands to lose 450 million dollars a year on the basis of repealing the freight tax, plus another 35 million on taxes from pipeline transportation of oil and gas.

Pilot Survives

Madison, Wis. (UPI) — An Air Force pilot, based at Truax Field, survived without injury a high speed jet "belly ride" across the field when the right main gear tire of his F-102 blew at the point of take off.

First Lt. Elyon W. Badtram, Bennett, Iowa, skidded in his plane about 1,500 feet off the runway before grinding to a halt.

FIRST TIME IN 45 YEARS

When a visitor comes to Lincoln it's an exciting occasion for both the visitor and the hostess. But for Mrs. A. J. Randall of Lincoln it was doubly exciting when her brother, Thomas Hanon of Dayton, Tenn., paid her a visit. Mrs. Randall and Hanon hadn't seen each other in 45 years. Accompanying Hanon was his 14-year-old grandson, David Hanon, also of Dayton. While in Nebraska, Hanon will also visit his nieces and their families—Mr. and Mrs. Loren Bennett and family and Mrs. Charles Rochambeau, all of Lincoln; Mr. and Mrs. Vernon Tanner of Stamford; and Mrs. William Walker of Lincoln, the late Mrs. Hanon's sister. State Hospital Funds Boosted By $750,000

Nebraska's share of federal hospital funds under a Senate-passed appropriation for the coming fiscal year would be $2,059,612, the State Health Department was informed Thursday.

That's approximately $750,000 more than was allowed the state during the current fiscal year, State Hospital Director Verne Pangborn noted.

A House version of the pending appropriation bill, passed earlier, would have given the state approximately the equivalent of the current year's $1,267,341.

Differences between the House and Senate bills will be ironed out in conference committee.

The preliminary calculations of Nebraska's share under the Senate-passed $211,200,000 appropriation were supplied State Health Director E. A. Rogers by Sen. Roman Hruska (R-Neb).

Here's how Nebraska's estimated $2,059,612 share would be divided (with comparable figures from the current fiscal year in parenthesis):

General hospital construction $1,481,770 ($967,341).
Diagnostic or treatment centers $192,614 ($100,000).
Chronic disease hospitals $192,614 ($100,000).
Rehabilitation centers $96,307 ($50,000).
Nursing homes $96,307 ($50,000).

The money is appropriated under the Hill-Burton Act which provides for the federal government financing 40% of the cost of approved projects.

Applications for federal aid for the coming year in Nebraska alone would have required more than 7 million dollars of federal funds.

Calvert's Yacht, Week Overdue, Towed Into Port

Fukuoka, Japan (Friday) (AP)—The yacht Thespian with Hollywood actor John Calvert and 4 other Americans aboard was towed into port here Friday by a Japanese cutter, ending a hectic 11-day journey through the East China Sea.

The 83-ton, 2 masted sailing ship was found becalmed and adrift off south Korea.

A spokesman for the Japanese Maritime Safety Agency said Calvert and his 4 companions, 2 women and 2 men—were in good condition.

With Calvert aboard the yacht were his mother-in-law, Mrs. Constance Conrad Lowe; Mr. and Mrs. Joseph A. Iverson of Chatsworth, Calif.; and U.S. Army Sp.3 Thomas E. Jones of Black River Falls, Wis.

The Thespian had been reported overdue for a week after sailing from Keelung, Formosa, on June 16. Its long silence raised fears it might have drifted to the Red China mainland.

An hour before the yacht was brought into quarantine here, Calvert's wife, actress Ann Cornell, flew from Tokyo to Fukuoka with their 3-week-old son.

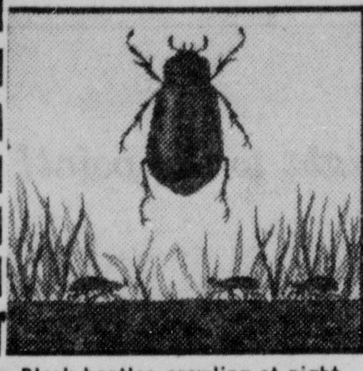
30 CAUGHT IN LANDSLIDE

Quito, Ecuador (AP)—Thirty workmen are believed to have died Thursday in a landslide in a canal they were cleaning. Eight bodies have been recovered.

save this list: save your lawn

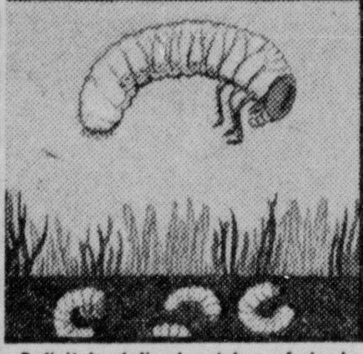
Diagnose insect damage early

— then use ORTHO Dieldrin Spray. It halts insects, lingers to protect your lawn for weeks, even months.

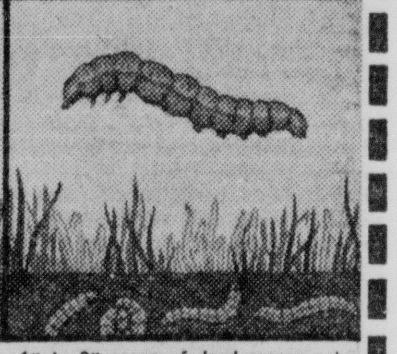


Black beetles crawling at night: they lay white grubs. Spray grass thoroughly with ORTHO Dieldrin.

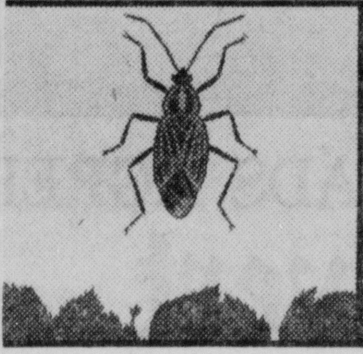
Chiggers attack humans and can cause severe skin irritation. Apply ORTHO Dieldrin Spray on lawn.



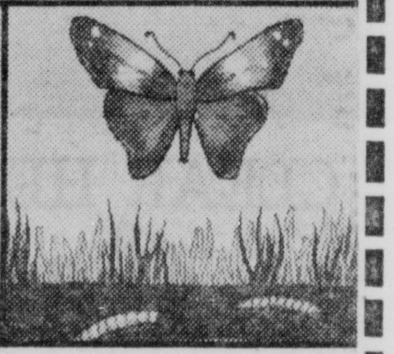
Definitely defined patches of dead grass: white grubs. Drench lawn with ORTHO Dieldrin Spray; water heavily.



1" to 2" areas of dead grass: cutworms. Drench lawn with ORTHO Dieldrin; water after application.



Box elder bugs feed on plants, often invade homes. Spray ORTHO Dieldrin around outdoor areas.



Orange-brown butterflies flying by day: fiery skipper. Cut and water lawn; spray ORTHO Dieldrin; let dry.

Easy as watering to get rid of those pests:

apply ORTHO Dieldrin with the ORTHO Lawn Sprayer attached to your hose. A press of your thumb and Dieldrin is diluted and applied.

Everything Set For Hallam Nuclear Power Plant Ground-Breaking

By Don Walton

Everything is arranged but the weather for groundbreaking of Consumers Public Power District's 100,000-kilowatt steam power plant and the Hallam nuclear power facility site Saturday.

And, Consumers is ready to shift all the ceremonies, including dirt from the Hallam site 22 miles southwest of Lincoln, to Lincoln's Pershing Auditorium should the skies drip.

The plant, to be known as Sheldon Station, will begin operation in 1961 as a conventional steam-powered unit, converting to nuclear power in 1962.

History will be an onlooker Saturday as CPPD launches work on what is planned to be the world's first large-scale sodium graphite atomic facility.

Host Of Dignataries

Also on hand will be loads of national and state dignataries, headed by Atomic Energy Commissioner John S. Graham; Senators Roman Hruska and Carl Curtis of Nebraska; House Representatives Chet Holifield of California and Wayne T. Aspinall of Colorado, both members of the Joint Congressional Committee on Atomic Energy, and Gov. Victor Anderson.

Others include James T. Ramey, executive director of the Joint Congressional Committee; A. P. Pollman, manager of the Los Angeles AEC; Kenneth A. Dunbar, manager of the AEC's Chicago Operations Office at Lemont, Ill.; Milton Klein, director of the AEC research contracts division at Lemont, and numerous state, county and city officials.

JOHN S. GRAHAM

Holifield Aspinall

Sheldon To Be Present

C. C. Sheldon, 87, Columbus businessman, farmer and treasurer of CPPD, the man for whom the conventional facility is named, will also participate in the ceremonies.

Top officials from Atomics International, the Bechtel Corp., the Stearns - Roger Manufacturing Co., and other firms in the electric utility field and business are also expected.

CPPD President R. A. Freeman of York and General Manager R. L. Schacht of Columbus will head Consumers officials.

11:30 Luncheon

The day's agenda gets underway with an 11:30 a.m. luncheon for invited guests at Pershing Auditorium. Official ground-breaking ceremonies will be at 2 p.m. at the 640-acre tract one mile north of Hallam.

In case of inclement weather, the afternoon program will also be held at the auditorium where a model of the new plant will be on display and where dirt from the Hallam site will be ready for "ground-breaking."

An official dinner for visiting dignitaries will be held at the Cornhusker Hotel at 6:45 p.m., hosted by Consumers board of directors.

Groundbreaking In P.M.

The afternoon program includes band music by the Eighth Air Force Band; welcome by Schacht; presentation of the colors by American Legion Post No. 3 of Lincoln; invocation by the Rev. Frederick A. Roblee of Westminster Presbyterian Church of Lincoln; presentation of the commissioning pennant; introduction of special guests; addresses by Sen. Curtis, Rep. Holifield and Graham; naming of the plant by Freeman; response by Sheldon, and the actual ground-breaking.

The scale model of the plant, to be displayed at the auditorium, was designed and constructed by Atomics International and will be displayed at the International Nuclear Power Conference in late August in Geneva, Switzerland, where it will be shipped from Lincoln.

2,000

Bleachers for 2,000 spectators have been set up at the Hallam site, with standing room for several thousand also available. Parking areas at the site have been leveled and roads to the area improved to handle heavy traffic.

Hallam boosters have circularized farmers in a 4-county surrounding area, urging their attendance at the event.

Actual construction work at the location will get underway "as soon as possible," Freeman said.

Patience Pays Off

Mineola, N.Y. (AP) — Ten years ago police confiscated Walter Michalowski's $4,000 automobile after accusing him of stealing it. Even after he proved he didn't steal it, the car remained impounded.

Michalowski went to court. Last week he got the car back. Now the State Supreme Court has granted Michalowski $6,253 in depreciation and interested and directed Nassau County to pay in addition court costs totaling $7,000.

Boy Still In Hurry After Rail Mishap

Rock Switch, Va. (AP) — The nurse eased 10-year-old Jim Shupe out of his Little League baseball suit.

"You'll have to hurry", Jim said. "We've got a game with the Braves this afternoon . . ."

The game was still uppermost in the boy's mind—just as it had been when his mother sent him on a final errand before game time for a dozen eggs at a neighboring farm.

In A Hurry

On the way Jim came to the railroad tracks. A diesel train was laboring by. Being 10—and in a hurry—Jim tried to hook a ride. His foot slipped from the lower rung of the engine ladder . . .

The nurse gave him a shot to still the pain and prepared him for surgery.

"You know", Jim said, "that old train didn't hurt me half as much as that needle did . . . But hurry, we've got a game . . ."

That was the thought Jim took to sleep with him under the anesthetic. A surgeon amputated his crushed leg.

In Shape

San Antonio, Tex. (AP)—Tax collector P. E. Dickison issued an order to keep his girl employes in shape.

He banned sack dresses.

Rains Delay Fairbury Harvest Start

Few Combines Begin Work In Falls City Area

Lincoln Star Special

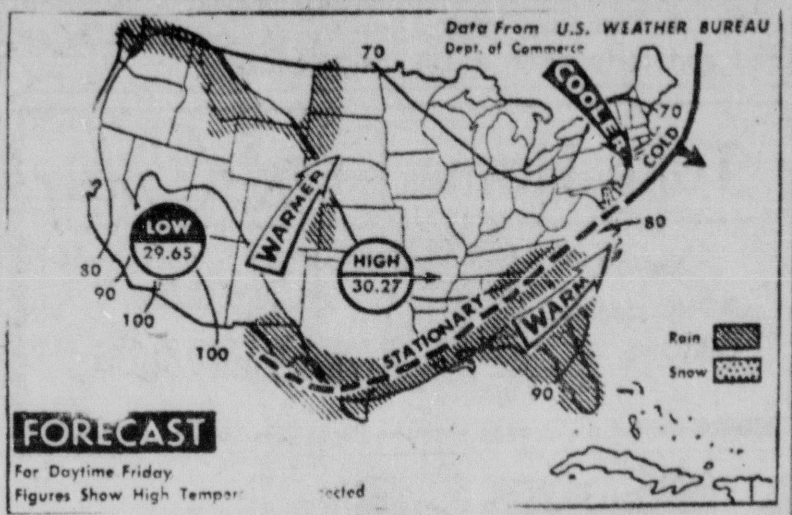
Fairbury, Neb. — Southeast Nebraska wheat harvest took a set-back this week as a result of general rains and generally cool weather.

Gene Guilford, manager of the Farmers Union Elevator at Fairbury reported that some farmers had considered combining Thursday before being stopped by nearly a half inch of rain. Guilford predicted the harvest would be in full swing in Jefferson County next week with the possibility of starting this week.

At Falls City, usually ahead of the other sections of the state, Jacob Arnold, manager of the Bartlett and Company elevator said .75 of an inch of rain had put a damper on plans to begin the harvest earlier this week. Arnold reported a test taken to the Salem elevator showed a moisture content of .14 and 60 pounds to the bushel weight.

About 50% of the wheat in the area is ready for combining if the fields dry up, according to Arnold. A few combines were reported at work in Richardson County Thursday.

There is a possibility that the Nebraska harvest may be ahead of north Kansas which has been delayed by too much rain and cold weather. The Archer-Daniels elevator at Marysville, Kas., reported fields in the area are much too wet and estimated it would take a couple of days if it doesn't rain more. A test field indicated 14.75% moisture content and 62 pounds to the bushel.



More June Showers Forecast

Showers and thunderstorms are expected Friday for the Gulf states and southern Atlantic area, and some thunderstorm activity for the western part of the northern and central Plains and through higher mountains of the Northwest. Temperatures will be warmer through the Rockies, Great Plains and northern Mississippi Valley; cooler over the middle Atlantic states. **(AP Wirephoto Map)**

Ladies Day Is Featured At Holdrege

Holdrege, Neb. (AP) — Lady "kops" were out Thursday as the Holdrege diamond jubilee celebration observed Ladies Day.

Mrs. Harry Hathaway was general chairman for the Ladies' Day activities, which included a bathing beauty contest, a fashion show featuring styles from the past 100 years, and an old fashioned lawn party.

The nightly presentation of the historical pageant was the finale for the day.

The celebration winds up Friday with Governor's Day. Gov. Victor Anderson was to be present.

33 Oil Rigs Work In Western Area

Sidney, Neb. (AP) — Thirty-three rigs were drilling in the western Nebraska oil patch this week, 13 of them in Kimball County.

Twelve rigs were making wildcat tests, and 21 were drilling field wells.

So far this year a total of 274 locations have been listed with 129 wildcats, 145 field wells. There have been 64 discoveries completed, and 165 have been dusters.

Creighton Pool Issue Approved

Creighton, Neb. —Creighton voters approved a $37,500 bond issue for a swimming pool by a vote of 377 to 159.

Nebraska News

The pool will be constructed somewhere in the Creighton Park. Work is expected to start this summer and the pool will be ready for use in the 1959 season.

Intersection Crash Injuries Fatal To Henderson Driver

Lincoln Star Special

Henderson, Neb. — Funeral services for Peter M. Ratzlaff, 68, fatally injured in an intersection collision 2 miles west of here, will be held at 2 p.m. Monday at Bethesda Church at Henderson.

Hamilton County Sheriff Ralph Spry said Mr. Ratzlaff's car and one driven by Loo Regier, 16, Henderson farm youth, collided at the intersection of former Nebraska 5 and an intersecting county road in Hamilton County.

He said Regier was hospitalized with shock and bruises. Mr. Raltzlaff died about 2 hours after the accident.

Surviving Mr. Ratzlaff is his wife, Marie. He was a lifetime resident of this vicinity.

Nebraska Law Encouraging Unlicensed Vet Practice: Rogers

Nebraska law encourages activity by unlicensed veterinarians by binding the hands of the State Health Department, Dr. E. A. Rogers, state health director, said.

Enforcement activity of the Health Department extends only to licensed veterinarians, he explained, and the department can do nothing but refer to the county attorneys any evidence that unlicensed individuals are practicing veterinary medicine.

Dr. Rogers said the department has received complaints concerning the veterinary practice of unlicensed persons, has sent investigators to look into the complaints but has found that its "hands are tied."

OK Without Pay

In effect, state law says that unlicensed persons can do a number of things normally associated with veterinary medicine if they do so "gratuitously"—that is, without being paid.

The statute relating to the practice of veterinary medicine expressly states that it shall not be construed:

> "To prevent any person from advising or assisting any other persons gratuitously in the care or treatment of his domestic animals:
>
> "To apply to the vaccination of swine for hog cholera, nor of cattle for blackleg, nor dehorning of cattle or their spaying and castration, nor of the castration of horses, goats, mules, jacks, sheep and swine;
>
> "To prevent registered manufacturers of livestock remedies, mineral foods and serums or their representatives from selling or explaining as to the use of their products."

Dr. Rogers said the State Veterinarians Assn. is likely to propose to the next Legislature that it amend the current law so as to prohibit practices now allowed.

He said there are several reasons why a comparatively large number of unlicensed persons apparently are performing veterinary functions in Nebraska.

Definite Shortage

He said there is a definite shortage of trained and licensed veterinarians in the state, and the unlicensed practitioners are "naturally cheaper." Anybody may purchase penicillin or cholera vaccine from a drugstore if to be used for animals, he noted.

"But there's a great moral distinction," he added, "between a farmer getting vaccine for hogs and an untrained amateur getting the vaccine and getting paid to practice an art which falls within the category of veterinary medicine."

Parade Opens Sargent Festivities

Sargent, Neb. (AP) — Sargent is marking its 75th anniversary with a 3-day birthday party which began Thursday.

There'll be everything from an old-time fiddlers contest to a jet fly-over.

A kids parade started things off Thursday afternoon. A syphon tube setting contest followed. The winner will compete for the state championship next fall.

The jubilee parade, old settlers picnic, horse races, oldtimers baseball and an all-star softball game are on the program Friday.

As many as 4,000 persons are expected for a Saturday barbecue. In the afternoon the Sargent irrigation project and the municipal airport will be dedicated. Gov. Victor E. Anderson and Rep. A. L. Miller (R-Neb) are expected to be on hand for these.

A fly-in of pilots from all over the state is expected at the airport. The Nebraska Flying Farmers are planning to give rides. The National Air Guard will stage the jet fly-over.

A fireworks display in the evening will wind up the celebration.

Chemical Hot Foot On Moon Awaiting Man?

New York (AP)—The surface of the moon may be a huge chemical hot foot, just waiting for the first space traveler from earth, a scientist suggested Thursday.

But the dusty moon's surface may also give us a hint to how life began, 2 other scientists said.

Both possibilities were reported in "Science," a journal of the American Assn. for the Advancement of Science.

"The first man who plants a rubber boot on a lunar surface may be in for an unpleasant surprise," reported John R. Platt, University of Chicago physicist.

Easily Triggered

The moon's surface might be chemically unstable—due to the bombardment of sun's rays—and heat-producing reactions might be easily triggered, he said.

These possibilities can be explored in laboratory experiments before man sets foot on the moon, the researcher added.

Supposing the moon's surface to be covered with cosmic dust, it may hold a continuing record of space history, said Prof. Joshua Lederberg, University of Wisconsin geneticist, and Dean B. Cowie of the Carnegie Institution.

It's as if the moon were a huge table in space that had never been dusted. For thousands of years its gravity has collected the cosmic debris, undisturbed by earthly elements such as wind, rain or man.

Man To Trial On Avoiding Arrest Count

In License Suspension

Robert E. Schriner of 5140 Pioneers was bound over to Lancaster District Court Thursday for trial on a charge of fleeing to avoid arrest while his driver's license was suspended.

Schriner, 22, waived a preliminary hearing before Municipal Court Judge John Jacobson. He had pleaded innocent to the charge earlier. Appearance bond was set at $1,500.

He allegedly was the driver of a car chased by 2 police cars May 29 at speeds in excess of 80 m.p.h. before it crashed into a parked truck near 60th and Normal. When police arrived they found the car empty, but later found Schriner seriously injured at the home of his grandmother.

FIGHTING RAGES IN TRIPOLI

Dag Works Hard To Stall Conflagration

Beirut, Lebanon (AP)—Fierce fighting blazed in Tripoli Thursday as U. N. Secretary General Dag Hammarskjold was reported working fast to prevent Lebanon's rebellion from dragging the entire world into a crisis.

At least 10 persons were reported killed and 20 wounded in the fighting that broke out almost immediately after the secretary general ended his 7-day visit to the Middle East. An unofficial truce prevailed while he was on the ground.

Government forces in the northern port city shelled rebels entrenched in the circling hills and demolished at least one fortified house. They also used armored cars to attack roadblocks.

Hammarskjold on his departure for New York took a plea by Premier Sami Solh for an armed U.N. force to stop the border traffic in arms and reinforcements. Solh said the U.N. observer teams were unable to stop it.

But Hammarskjold said on his arrival in New York that he hoped the observers could do the job.

Sources close to the U.N. observer corps here said Hammarskjold was fearful that Lebanese government leaders may create a situation which would invite direct Western military intervention and thereby produce a worldwide crisis.

The U.N. observation team issued a statement which an armed force such as Solh an armed force wuch as Solh has asked.

HOUSE OK'S AUTO PRICE DISPLAY BILL

Washington (AP)—The House Thursday passed and sent to President Eisenhower a bill to require automobile manufacturers to display the suggested retail price of new cars.

With only a few minutes of debate, the House completed congressional action on the measure intended to stop price packing and misleading advertising of new car costs.

The bill would also require posting the cost of optional equipment.

Price packing is the practice of padding the normal profit markup on cars for the purpose of later reducing the price to buyers through inflated trade-in allowances or discounts.

Under terms of the bill new cars must bear on their windshield a label with the following information:

Make, model and serial number, final assembly point, name and location of the dealer, method by which the car was transported from assembly plant to dealer and the total retail price suggested by the manufacturer.

UNION BOSS WON'T TALK OF JURY FIX

Washington (AP) — A vice president of the Carpenters Union cited the 5th Amendment Thursday in refusing to answer Senate Rackets Committee questions about an alleged plot to fix an Indiana grand jury.

The names of Teamster Union President James R. Hoffa and a Lake County, Ind., prosecutor figured in what the committee chairman, Sen. John L. McClellan (D-Ark) said might be a conspiracy to obstruct justice.

One witness pleaded it might incriminate him to tell whether he had discussed with Hoffa a scheme for fixing a grand jury investigating Indiana highway scandals.

Another made a similar plea in refusing to tell the committee whether he had paid Lake County Prosecutor Metro Holovachka after a grand jury at Crown Point, Ind., had refused to return indictments on the ground it lacked jurisdiction.

Carpenters Vice President O. William Blaier of Washington declined to answer questions on the grounds that to do so would aid the prosecution in an Indiana bribery case now pending against him.

Concordia Students Hear Pakistan Official

Seward, Neb. — Concordia Teachers College students heard Chaurdrey M. Siddig, secretary of the All-Pakistan Assembly, at the second program in Concord's lyceum series. Chief Justice Robert Simmons of Lincoln introduced the speaker.

Bulldozer Waits

Toronto (AP)—Two ducks and 5 eggs stood off a bulldozer here until 5 ducklings hatched. They were abetted by a truck driver and a construction guard who kept the parent ducks fed and watered on an embankment where they nested over a prospective parking lot. All concerned, including the bulldozer and the relocated duck family, are doing well.

NOTICT TO BIDDERS

Sealed proposals will be received by the Library Board of the City of Lincoln, Nebraska, until 10 A.M., Wednesday, July 9, 1958 for furnishing labor and materials required to complete a new Branch Library Building for the Lincoln City Libraries at 1810 North Cotner Blvd., Lincoln, Nebraska, in accordance with plans and specifications as prepared by Burket E. Graf, Architect, of Lincoln, Nebraska.

Separate proposals are requested for the following sub-divisions of the work:

(a) General Contract
(b) Plumbing, Heating and Ventilating
(c) Electric Wiring

Plans and specifications may be inspected at the office of the Architect, 521 Continental Building, Lincoln, Nebraska; at the F. W. Dodge Corporation, 4401 North 20th Street, Omaha, Nebraska; at the Lincoln Builders' Bureau, 120 North 20th Street, Lincoln, Nebraska, and at the Omaha Builders' Bureau, 2565 St. Mary's Avenue, Omaha, Nebraska.

Contractors who wish to bid on the work may obtain a set of plans and specifications for their individual use from the Architect. A $3.00 non-refundable deposit will be required.

Each successful contractor will be required to furnish a corporate surety performance bond in a sum equal to 100% of the contract price.

No bidder may withdraw his bid for a period of thirty days after the scheduled closing time for the receipt of bids.

The Architect's estimate of the cost of the complete work, exclusive of summer air conditioning, is $32,000.00.

Each bid shall be accompanied by a certified or cashier's check for 5% of the amount of the bid, or, as an alternate, the bidder may submit a bid bond with an authorized surety company as surety, payable to the Owner as liquidated damages in case the person or company to whom the Owner awards the Contract fails or refuses to enter into the contract and furnish a satisfactory performance bond in the penal sum of the full amount of contract price within ten days of the notice of such an award. If a certified or cashier's check or a bid bond as herein set forth is not received with proposal, same will not be considered.

The Library Board reserves the right to reject any or all bids and to waive any informalities in any proposal.

A copy of the plans and specifications are on file at the Office of the City Clerk.

Proposals will be received until 10:00 A.M., Wednesday, July 9, 1958 at the Office of the City Clerk, City Hall, City of Lincoln, Lancaster County, Nebraska, at which time they will be publicly opened and read aloud.

GET ON THE VODKA WAGON—WITH SMIRNOFF

Did you ever wish you could vary your drinks—
without mixing your liquors? Smirnoff lets you do exactly that,
as many wise people have discovered. Starting with cocktails—
then turning to other and taller Smirnoff drinks after dinner—
you can stay with smooth, flawless Smirnoff all evening long.
Here are just a few suggestions:

VODKA HIGHBALL. Use ginger ale—or any other mixer. You'll find smooth Smirnoff blends completely with just about anything potable that pours!

VODKA MARTINI. For the world's subtlest, driest Dry Martini—use your usual martini proportions but mix with Smirnoff instead of gin!

SCREWDRIVER. Pour a jigger of Smirnoff over ice. Fill up glass with fresh orange juice, and stir. Delicious as a cocktail. Refreshing after dinner.

VODKA COLLINS. Add a jigger of Smirnoff to juice of 1 lemon, 1 tsp. sugar, plenty of cracked ice. Fill up with soda, and stir.

Rails Inspire Stock Rally

New York (AP) — Good news for the railroads sparked their shares and inspired the stock market to a good rally Thursday.

Prior to this aircrafts were up as Wall Street had war jitters over the crisis in Lebanon but the market as a whole was irregular. Trading up to that point was distinguished by great demand for lower-priced stocks and specially situated issues which have been favored lately.

By the close much of the bloom had worn off the advance by aircrafts but rails were still nicely ahead. The more speculative issues dominated the list of favorites, with five of the top 15 selling for 8¼ or less.

Volume climbed to 2,910,000 shares compared with 2,720,000 Wednesday.

The Associated Press average of 60 stocks rose 90 cents to $173.60 with the industrials up $1.30, the rails up $1.10 and the utilities up 20 cents.

The number of gainers expanded to 625 compared with 294 losers among the 1,169 issues traded. There were 72 new highs for the year and only three new lows.

Despite the preponderance of gainers the advance looked irregular judging by the performance of key stocks. There were many small losers among these issues. The gains ran generally from fractions to about a point.

Thirteen of the 15 most active stocks rose, however, while only one declined and one was unchanged. The single loser, significantly, was a real blue chip, Standard Oil New Jersey, off ¼.

American Stock Exchange prices were irregular on volume of 1,080,000 shares compared with 900,000 Wednesday.

MOST GRAINS ARE IRREGULAR

Chicago (AP)—Moderate commercial and export demand Thursday on the Board of Trade pushed wheat higher despite profit-taking.

Other grains, however, finished irregularly above and below the previous closes by minor fractions of a cent a bushel. In the final hour of trading all contracts except oats were on the upside but the gains brought out a fair volume of selling and most of the advances were wiped out or trimmed.

The CCC reported sales Wednesday on Midwest country markets amounted to about 925,000 bushels. That brought the total of such sales since the first of the month to about 15½ million bushels.

Wheat closed ¾-⅞ cent a bushel higher, July $1.84¾-⅞; corn ¼ lower to ⅜ higher, July $1.34¾-35; oats ¼-½ lower, July 64⅛; rye ⅝ lower to ¼ higher, July $1.26½; soybeans ⅛ lower to ⅜ higher, July $2.25-24⅞; lard unchanged to 5 cents a hundred pounds higher, July $12.17.

Most of the demand for wheat was hooked to a report that Iceland will be in the market soon for 450,000 bushels and that flour mills and a large Eastern baker were buying aggressively.

With the recent wet weather over much of the Great Plains dealers believe that much of the new wheat will be too moist for storage and will come to market in a heavy flood.

Corn came under liberal selling in the final minutes of trading after holding earlier gains of almost a cent a bushel in some contracts on word that Mexico had bought four million bushels. The Department of Agriculture also accepted subsidy bids up to 25 cents a bushel on 352,000 bushels for export.

BOND MARKET

New York (AP)—Long-range U.S. government bonds rallied strongly Thursday, posting gains out to almost half a point in quiet trading.

The corporate market closed on average in active dealings. Industrials, rails and investment quality issues led the corporate rise but this was tempered by declined in utilities and foreign dollar bonds. Rails were active and stronger on reports that Senate-House conferees have agreed to repeal the federal tax on freight on Aug. 1.

Corporate trading amounted to $5,670,000 par value on the big board from $5,260,000 Wednesday.

—VANGUARD—

Scientists Seek Cause Of 5th Fizzle

Cape Canaveral, Fla. (AP)—Navy scientists worked feverishly Thursday to piece together shattered bits of evidence on the 5th Vanguard satellite launching failure in 6 attempts.

All they had, however, was reams of telemetry tape relayed back during the latest Vanguard's short-lived flight into space.

The rocket and its 21½ pound gold plated satellite were somewhere in the Atlantic Ocean. Vanguard fizzled early Thursday morning when the second stage vehicle failed in flight after an apparently smooth takeoff.

Some Solace

The only solace came shortly after the Vanguard failure when General Electric Co. announced development of a new rocket engine which could launch a satellite weighing as much as 10 tons.

The engine, described as a radical new concept in rocketry, is an outgrowth of the Vanguard test program. GE said it will pour out between a half million and a million pounds of thrust and theoretically could cary a satellite 7 times heavier than Russia's massive Sputnik III.

The new power package still is under tight security wraps, but the company said it will be comparatively light, weighing only 4,000 pounds. It will also use a liquid oxygen-kerosene fuel mixture, the same combination that burns in the first stage Vanguard vehicle.

"FLYING START"
On A New Sales Career

The rewards are great in the intangible sales field. There's security in renewals that hit 88% each year. But you've never switched, because of that "starvation" first year.

Here that starvation first year is out. After a "salary-supported" six weeks training course, you will assume an established renewal account which will provide you with an income equivalent to more than a year's production. Add to that your income from your own sales efforts and you've got a whopping good salary.

Your job will be to sell non-competitive Motor Club memberships and low-cost auto insurance ...to pile new business income on top of your renewal income. This guarantees a rapidly rising income for you.

You will call only on prospects recommended by our present members; you'll work by appointment only. You'll have a sales supervisor to work with you and help in every way possible. Incentive bonus will quickly push your earnings up to and beyond the figure you've always wanted.

Now what's your investment to attain this valuable established income? You must have previous business experience, preferably in the sales field. You must be married and own a car. Lastly, you must come in our office tomorrow, June 27-28, for the first interview to determine whether you're the man we're seeking for an established Lincoln account. If you can't make it tomorrow, call or write

MUST BE SOLD
Charming Ranch Style

are the key words here. There are 3 nice bedrooms and that's where the similarity to the ordinary ends. Your colonial furniture would fit nicely in the large living room with dividing planter and bookcase. Wood-burning fireplace and "salt and pepper" carpeting complete the picture. Early American kitchen cupboards, oversize garage, rec room and landscaped lot. Best of all—it's not expensive. Call 4-2315 or 4-3414.

WORKMANSHIP

is this builder's specialty. We watched him build this home and it was built with the same skill and material he put into his own home. 3 bedroom brick, family room. Call to see it and get the rest of the story right on the spot. 4-2315 or 4-3414.

REAL COOL

is the best way to express our feelings about this air-conditioned, 3 bedroom brick home. Check these features: dining room, 2 fireplaces, 2 stall garage, dishwasher, panelled rec room, good closet space, top location, beautiful lot. Don't try to build a home like this at this price because it cannot be done. For complete on the spot details call 4-2315, 4-3414, 3-8370, 4-2860, 3-6860.

WHY BOTHER

to rent when you can buy this home for $650 down and pay $60 per month and own it, and be your own landlord. It's a 2 bedroom, 5 year-old home. You should own it. Call 4-2315, 4-3414, 3-8370, 4-2860 or 3-6860.

Bigger Engines In Works But No Word Of Rockets Big Enough For Them

Cape Canaveral, Fla. (UPI)—One firm announced it was working on a half-million to a million-pound thrust rocket engine, another hinted that its engineers were already beyond that.

But in all the talk of big engines, there was no word about what military officials might be planning to do with such thunderous power plants. Present missiles were not designed for them.

The General Electric Co. said in a news release it was working on a half-million to a million-pound thrust, lightweight engine which could launch satellites "in the weight category of 10 tons." But a GE official admitted the company had neither a government contract nor a rocket to put the engine in.

The release also indicated the liquid engine had not been fired, although the GE test station at Malta, Ohio, "is at present testing components necessary for this large engine program."

4,000 Pounds

The engine was described as weighing about 4,000 pounds and using the same type of fuel as the 27,000-pound thrust kerosene-powered engine in the first stage of the Navy Vanguard satellite rocket.

But an official of the Rocketdyne Division of North American Aviation, which built the engines for the Atlas, Thor, Jupiter and Redstone missiles, indicated his firm was working on even larger liquid propellant engines.

"I can't give you any figures," he said. "But we've been at it a long time. Let's just say our vision is now well beyond the million-pound thrust stage."

Single Engine

The Air Force disclosed in February that it was trying to develop a single engine with more than a million pounds of thrust, as well as another type of engine which could be arranged in a cluster to produce a thrust of 1,500,000 pounds. One of these might be among the Rocketdyne projects.

But other missilemen here pointed out that any big engine would be "useless unless it has a rocket to go into. Without a bird, it could just sit around on the ground."

The largest liquid fuel engines in use now are Rocketdyne units of some 165,000 pounds thrust in the Thor IRBM and the Atlas ICBM. The Atlas has 3 engines altogether with a combined thrust in the neighborhood of 350-400,000 pounds, capable of putting a payload of 2 tons in orbit, a source said.

Mrs. Belknap Gets Japan University Committee Post

Mrs. L. O. Belknap, 1828 Perkins Blvd., has accepted an invitation to serve as a member of the national women's planning committee of The Japan International Christian University Foundation, Inc., in New York City.

The committee objective is to increase the support and interest of American women for the International Christian University, a graduate-level institution at Mitakashi, Tokyo suburb.

Czech Sentenced

Kotlsruhe, Germany (UPI)—The West German Supreme Court sentenced Czech secret service agent Miroslav Zarko to 4 years at hard labor for espionage and attempted kidnaping.

Zarko, 37, who allegedly carried out spying missions for the Czechs from 1955 to 1957 in West Germany, was accused specifically of relaying secret information on NATO bases to the Czechs and of trying to kidnap 3 Czech refugees and return them to Communist control.

U.N. Will Make Special Report On Nagy Death

United Nations, New York (AP) — The U.N. Special Committee on Hungary decided unanimously to make a special report to the United Nations' 81 members on the execution of Hungary's Imre Nagy.

E. Ronald Walker of Australia announced this to correspondents after a 3-hour private meeting of the 5-member committee.
